10¢ BY CARRIER EACH WEEK

P.O. BOX 263, St. Albert  
Registration No. 1930

Lion Glen Ward and Lion Guy Journeou check out a group of youngsters at check point #5 during last Saturday's Walk-a-thon. Over 170 boys and girls participated in the 10-mile walk and their efforts will constitute approximately \$1,000 for Lions service work.

## Public trustees discuss new Lacombe addition

The new 20,000 square foot addition to Albert Lacombe school was the major topic of discussion at last Monday evening's meeting of the Catholic school board.

Trustee Don LaBelle toured the new building last week, and, in reporting his findings to the board, Mr. LaBelle said the building looked "very good." He added that one science lab and the mechanical room were not yet fully finished, but overall, he was very pleased with the workmanship. There does exist a problem with the road, trustees were told, and school buses are presently letting off the students at the Gladstone corner, as the road down to Lacombe is too narrow to accommodate bus traffic.

With the opening of the Lacombe addition Monday morning, school principal Real Binette was faced with

190 new students, all at once. He said it took the children about 15 minutes to get settled in and they seemed to be very happy with their new surroundings.

Mr. Binette and Bob Chaput appeared before the board to speak to a furniture and equipment order for the new building. Trustees, working with a limited amount of money, went through the list item by item. Don LaBelle questioned the necessity of an additional 16 m.m. projector which had been requested by the staff. "There is one of these in the school now, with proper scheduling could we not get by with just one?" he asked. Mr. Chaput indicated that in his opinion the projector was a priority item. "If the teachers can't get at it, they'll forget about it and won't

use films," he said.

Both he and Mr. Binette said the equipment asked for was badly needed, adding that on certain pieces immediate action was desirable.

Dr. W. Mirlin suggested the matter be referred for further study. "We are dealing with public money, you cannot present the board with a \$12,000 list of equipment and expect an immediate answer," he said. The trustees were not certain as to how much money would be available for equipment, as the costs of landscaping the grounds have to be taken into consideration as well.

Trustee Sylvia Walsh argued that "equipment is more important than landscaping; if we don't get these items now, years may go by before they are bought."

The board agreed to have

## Cadets hold Open House

Girls, boys and parents are invited to the St. Albert Air Cadet "Open House" on October 14th in the Community Hall, starting at 7 o'clock in the evening.

Interested young people and their parents will be shown the facilities of St. Albert squadron. Cadets, their leaders and instructors will be on hand to answer questions about courses offered, and opportunities available, to teenagers between the ages of 13 and 19.

A film on cadets at summer camp will be shown. Girls are now eligible to join Air Cadets, and a special welcome is extended to them for the Open House. Coffee will be served.

## Sturgeon Heights gets new shopping centre

Residents of Braeside and west Forest Lawn districts will have a new park area of 8.6 acres as a result of a unanimous decision of town council Monday night. The disposition of this parcel of town-owned land had been under consideration for quite some time as the complex negotiations for finalizing the replot of Forest Lawn subdivision proceeded.

The park area bordering Churchill Avenue and Cunningham Road, is adjacent to the site planned for a new high school, and the protestant school board has been pressing for the parkland designation.

Council not only approved

development of the site as a neighborhood park, but included in the motion the commitment to "use imagination in designing and creating a feature park on the main artery through St. Albert."

A Sturgeon Heights Shopping centre was given approval subject to certain parking and landscaping requirements. To be constructed east of Pacific 66 Service station on Hebert road, the neighborhood centre will provide such services as a drug store, beauty shop, groceria.

A plan for single-family residential development in Mission Park on some 35 lots extending back northwesterly from the west end of St. Vital avenue was given the go-ahead by council. Mr. R. Hum of Modern Holdings

Ltd., and a member of his staff had met with committee to describe their plan for developing the property in two stages. While assuring themselves that phase two would in fact be developed later as described, and that the development conformed with town policy, the councillors made every effort to assist this small developer. Engineer Maandag had some useful suggestions and planner Woodroffe also was of the opinion that "we should encourage small developers."

Mr. Hum agreed to subdivision procedures and development regulations as set by council and in leaving thanked council for "the kind of co-operation that allows a small developer to get on his own feet."

## BLOOD

The Lady Lions are out for blood and they want YOURS on Monday, Oct. 25. The Lady Vampires . . . ooops, Lions, have issued a challenge to the Kinettes as to which group can get out the most donors to the Red Cross blood donor clinic, which will be held at the St. Albert community hall, Oct. 25. For more information please call 599-3958 or 599-8379.

Remember, on Oct. 25, give the gift of life . . . and tell the Red Cross the Lady Lions sent you!

## Elegibility

Residents are eligible to vote for mayor and town councillors if they are 18 years of age, or over, as of election day, Oct. 13; have resided in the municipality 12 months OR are on the latest assessment roll (property owners).

The same age limit applies

lies for school board elections, but in order to vote for school trustees, residents must have lived in the municipality 12 months, regardless of whether or not they are property owners. Voters must be Canadian citizens or British subjects.

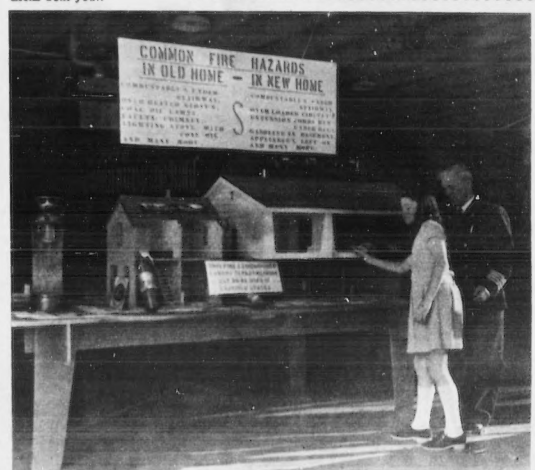

## Chamber to host Election Forum

The St. Albert and District Chamber of Commerce will again host a civic election forum on Monday, Oct. 11 at 8 p.m. at the Club Mocambo.

Chamber president Gerry Belke said invitations have been issued to the 11 candidates seeking office as town councillor and to the three mayoralty candidates. Mr. Belke said the latter will be allowed 10 minutes

each to express their views, while the other candidates will be asked to speak five minutes each. Mr. Belke stressed that questions from the audience will be welcomed.

The Chamber extends an invitation to all residents to attend the forum Thanksgiving evening, meet the candidates and discuss their proposals. Coffee will be served.

Fire chief Fred Tetarenko shows some of the common fire hazards found around the home, to 11 year old Kelly Acker, of 16 Ridgewood Terrace. This is Fire Prevention Week in Canada and the St. Albert fire department is holding an open house at the Fire Hall all this week. Groups of school children have toured the Fire Hall to view the displays, and the general public is invited to drop in and discuss fire prevention.

# Council candidates express their views

## John deBuijn

I believe one of the greatest needs existing in our town at the present time, is housing accommodation for the young people raised in St. Albert, who are now forming their own family units. The existing policy of council which establishes a minimum assessment on all new construction is denying young adults the opportunity to live in their own "home town."

The time has come for council to take a more realistic approach to their exclusive policy. I would suggest this could be accomplished by setting a desired level of tax revenues required on a neighborhood basis rather than minimum tax revenue per dwelling unit.

A policy along these lines would provide a range of houses from say \$15,000 to \$30,000 rather than the \$20,000 plus now offered to young married couples.

I think we have an obligation to provide the opportunity for our young people to stay in the town. The present policy is forcing them out of town, and in some cases into sub standard housing in Edmonton.

In requesting your vote for re-election on October 13 I sincerely declare I will work and dedicate my time for those things which will make St. Albert a better place in which to live.

Many thanks to the Gazette for allowing me this space.

## Rene Kambouroff

The steadily expanding growth of St. Albert raises some new issues for councillors and sometimes requires some new thinking on older issues. The work load and the responsibilities placed on councillors, require man prepared to devote considerable time and effort to the job.

In this election the public is faced with a lot of material as 29 candidates present their views in a variety of ways on both council and school matters. Therefore I believe it is only fair that the voters know which issues a candidate is most concerned with.

If re-elected to town council, I would give priority to the following:

\*Development of downtown St. Albert.

\*Establishing an industrial park as a necessary measure to broaden our tax base.

\*Support for small businesses and developers.

\*Developing a recreation park for indoor and outdoor sports and recreation.

\*Continued resistance to any move towards annexation of St. Albert.

\*Setting a realistic goal for boundaries and population limits for the town. This will require continuing discussion and co-operation

with the provincial government.

May I way again to the voters - we all have a stake in St. Albert's future. It is extremely important to consider your choice of candidates carefully, and to be certain that YOUR vote is cast on October 13th.

## Bob Hudson

Last week I commented on my thoughts on the growth of the Town and this week I would like to deal with some of the Town problems that Council is working on.

TRAFFIC: The Town presently is preparing terms of reference for a "total traffic" study. This study would encompass a public transportation system to service new areas as well as provide better service in the existing areas. It would be my hope that a feasible method of transporting U of A students to the campus at no cost could be achieved as they now face costs of approximately \$1 per day and waste considerable time each day.

The lack of traffic controls on Highway #2 is a concern of myself and the entire Council. We are presently awaiting a traffic count which is being performed by the Department of Highways to determine the cost sharing.

IMPROVED RELATIONSHIP WITH THE PROVINCIAL GOVERNMENT, MD OF STURGEON AND SCHOOL BOARDS: The Town was recently turned down by the MD of Sturgeon on a land fill site within the MD which would have been ideal and advantageous to the Town. I blame no individual in the Town or the M.D. It will be my goal to establish regular meetings three or four times per year with the Council of the MD so that we may all be more familiar with each others problems. I will also attempt to promote similar meetings with the two school boards to discuss use of town owned reserve lands and the application of same land in connection with new schools. The need for regular meetings through our MLA with the Provincial Government is obvious as we will, I'm sure, ask them for assistance many times in the future.

ANNEXATION: The City of Edmonton will elect a new Council on October 13. This new Council may decide to pursue action on the Hansen Report which suggested annexation of the Town of St. Albert. I am convinced that the majority of the residents in the town believe as I do that this would not be to our advantage for many reasons. It is my intention to bring to the attention of the new Provincial Government these thoughts and reasons.

In closing, I would like to say "Thank you St. Albert Gazette" and urge the residents of the Town to show the same interest as they did in the recent Provincial elections and exercise their franchise. I also request your continued support at the polls on October 13.

## Rod Throndson

During my visits to approximately 900 St. Albert homes I have been asked a number of questions that were not specifically stated in my platform. Examples are:

1. Do we have satisfactory bus service between St. Albert and Edmonton? If not, why not?

2. An adequate resources being devoted to our library?

3. Would the town council be willing to donate their trucks and operators to haul away the "junk" if a group of volunteers, eg. Fish and Game Association, volunteered to help clean-up our portion of the Sturgeon River?

4. Until such time as we are able to afford a large sanitary landfill, why can't St. Albert attempt to negotiate an agreement with the Municipal District of Sturgeon to rent an abandoned mine to use as a garbage dump?

These are questions that demand answers. I am willing to work towards the satisfactory solution to these problems, those specifically stated in my platform, and any others that arise during my tenure of office.

I have been questioned several times about amalgamation. My answer has not changed since I moved to St. Albert. No! I am not in favor of amalgamation. If we are ever forced by government legislation to become part of Edmonton (and this should be the only way that we would join), then we must have a strong town council to get the best possible deal for the citizens of St. Albert.

On October 13 when you choose six of the ten candidates for town council I ask you to:

1. consider the platform
2. consider the candidate
3. consider the need for dedicated, vigorous representation, then vote Rod Throndson for Town Council

## Frank Lukay

Last week I indicated that I was opposed to annexation until I was certain that such annexation did not become a burden to the residents of St. Albert. I wish now to elaborate on this.

It is apparent that if the Town continues to grow, it must provide a new method of sewage disposal. According to recent information from our consultant, this can be done at a cost of some 3.8 million dollars.

My view is that the financing of such an undertaking by the Town would impose a serious burden on the residents of St. Albert. Further, the resulting high taxes would virtually kill all development, even though the developers were able to provide lots at very competitive prices. This would then leave it up to the present taxpayers to pay for the project, after which the developers could collect handsome profits on the sale of serviceable land.

I feel that the two major land developers who wish to annex their land to the Town, should, along with the Athabasca University, pay the 3.8 million dollar cost and are one result of growth beyond the present boundaries of St. Albert.

Falling this, I can see St. Albert as a bankrupt Town, or a Town whose residents are petitioning for amalgamation with the City of Edmonton.

Once again I wish to express my gratitude to the Gazette for allowing me this space, and in closing, I urge the residents of St. Albert to get out and vote on October 13th for a RESPONSIBLE, EFFECTIVE and EFFICIENT Civic Government.

Vote for Frank Lukay for Council.

## John Bakker

In my previous period on Council from 1964 to 1970, Council had to work on financial stability, lawsuits and

the preparation of a development plan. If the town owned all the land, then there would be absolute control over how the land should be used. Unfortunately the land in and around the town is privately owned. Development must then be controlled with the setting of standards (minimum assessments, treeed boulevards etc), making developers pay for services required and tough legal agreements.

It is important to have on Council some members who have had the experience of negotiation and who know what the objectives should be in executing our plans.

The area between Braeside and the Athabasca University site (and which is now in the MD of Sturgeon) will be the scene of development pressures. The town will have to resist premature and high density development. Also the town will have to face the issue of whether control will be better with this area within its boundaries or outside it.

We have the experience of Jasper Auto Parts which

was permitted just outside town limits in the past and later annexed with all its problems.

I am asking for your support on October 13th, so that I can work as one of your six councillors to make St. Albert a better place to live in.

## Stan Kolomyjec

St. Albert now more than ever before, is faced with the challenge of maintaining its present life style. I am opposed to annexation to Edmonton, because of the obvious detrimental effect it would have on our way of life. It is vital that we establish a development plan, so that we will all know how, where and when we will develop and expand.

I would press for a method of taxation which would encourage citizens to develop and beautify their property to make this an outstanding community to live in. Tax penalization for

home improvements is totally undesirable.

A planned recreational program is essential if St. Albert is to be a community which offers its citizens and particularly its youth a diversified and full program of recreation. We can achieve this by a recreational development fund, which in several years time, would give St. Albert a recreational complex that could be second to none.

We have an historical heritage to be proud of. Let's let the rest of the country know! Implementation of programs that will do this are necessary.

Cast a vote for our future.

## Ron Gaunce

In requesting your vote on October 13 I base my appeal on the strong belief that a councillor should be selected on the basis of the issues and the stands he takes on them.

My position on industrial development and development of the river valley as a recreational facility has been clearly stated. This week's Gazette contains my stand on Town administration and communication with the public.

But, we need to develop our HUMAN RESOURCES. The Homemaker Service could be transferred under the jurisdiction of the Sturgeon Health Unit so that professional and medical consultation could be available and meet the greater and broader need within our community. The present Mother's Day Out program instituted by the St. Albert Help Society and other socially oriented programs, which add to the quality of life in our community, must be given the consideration of a CONCERNED Council.

My thoughts on amalgamation are rather simple. This matter cannot be resolved solely by Town Council. Consequently, a plebiscite would decide the issue. My main commitment would be to ensure that ALL pertinent and relevant data would be available to the citizens when they are asked to make such a decision.

If you have any comments or questions please call me at 599-8396.

## Teresa Parsons

Platforms, like pedestals, can be easily toppled, so at this stage I will not make

any promises. A great statesman once said "I have never had a policy; I have simply tried to do what seemed best each day as each day came." This makes a lot of sense to me and if you elect me to council I will undertake to do just that for any citizens who ask my help.

St. Albert has reached a stage of growth when many major issues must be decided and, though I don't pretend to know more than the next interested citizen on such matters at present, I feel that our town government should be fully representative of the people of St. Albert. This decision is yours to make at the polls on Oct. 13.

\*St. Albert must not be annexed by Edmonton;

\*Residential development must be considered carefully as to type and suitability for the town before approval;

\*Pollution - St. Albert must maintain its efforts to improve the river valley and to develop its potential as parkland in order to establish one of our most beautiful assets;

\*Serviced land to attract light industry should be an integral part of our planning in the near future;

\*Our green areas must be preserved.

In order to give me the chance to work on the above matters, and others involving the future of our town, I ask for your vote on October 13. I will attend all council meetings and vote in the best interests of St. Albert residents when the time comes.

## Alvin Morris

The issues in this election are becoming clearer:

1. The growth of St. Albert.

2. The environment - green or asphalt?

3. Industrial development.

4. Communication. A town must grow. Like a business, it either grows or dies, but stand still it cannot. Our town must grow, too, but slowly and growth must be controlled. This will require business-like planning. I am a businessman, therefore I can help.

It is my belief that most of us moved to St. Albert, because it promised to be a "Garden Town." I would like to help fulfill that promise. I am not overly concerned about industrial development. We all knew that without industry our taxes would be a little higher, but we still chose to settle here. I believe we are still prepared to pay that little extra to remain

# SCHOOL BOARD

## David B. Fraser

The following items will be of interest to Catholic voters.

1. A school board is a statutory corporation that functions according to the School Act. A new Act established last year gives more freedom to local boards. Under the old Act we established community "use" of schools; under the new Act, community schools can become a reality.

2. Services depend on financial resources and the previous government limited increases in educational spending to six per cent per year. This has resulted in reduced busing service, higher book rental charges and no kindergarten.

3. The School Foundation Plan of finance is o.k. for average or larger size districts but inadequate for small systems. Your board chose to offer a sound program which resulted in reasonable but significant deficits up until this year.

We are now approaching the "average" size and over the current and next budget year expect to eliminate our deficit position. With the growth that is quite evident in all subdivisions and proper management, I believe that meaningful improvements in service will be possible.

4. A top priority for a number of years has been the need for a proper religious education curriculum at the Junior and senior high levels. This term the board hired a co-ordinator of religious education. One of his duties is to develop a complete program and he will work closely with specialists in Edmonton Separ-

a residential town, without the usual commercial sprawl and inevitable pollution.

Communication is an essential part of any successful business organization or community. It is my belief that we, the residents of St. Albert, have not been adequately informed in the past, and I will endeavour to improve this aspect of the town's operation.

I will not make any dramatic promises. BUT if I receive your support on October 13th, I intend to take a practical, common-sense approach to town problems as they arise.

My sincere thanks to the Gazette for making this space available.

ate in this regard. The board worked with other Catholic Trustees in the province to obtain credit for religious education. Credit courses are available for the first time this year.

5. The board has purchased land for three future schools at one third to one quarter the cost of present land values. This was done to minimize capital outlays of tax dollars when new schools are needed.

6. The above are only a sample of board activities. Experienced trustees will be an asset to positive growth of Catholic education in St. Albert.

## Sylvia Walsh

Education is being scrutinized and questioned today as never before. The result is that the school and the

community are moving closer together. This is a trend that must continue if the quality of education is to be maintained and improved.

Challenges facing education today include the ideas that:

\*every child must be helped to develop to his fullest potential

\*there is room for only top-calibre people in the teaching profession

\*courses, particularly at the high school level, must be geared to keep pace with the needs of society

\*audio-visual aids and other technological innovations should assist, rather than replace the teacher

\*comprehensive ground-work must be laid before the introduction of new courses (eg. modern mathematics)

\*more use should be made of school facilities after

school hours on a year-round basis.

In dealing with educational matters we must at all times remember that THE PUPIL IS THE FOCAL POINT IN OUR EDUCATIONAL SYSTEM. Whatever the decisions made, whatever the actions undertaken, the pupil's best interests must be foremost.

Education is big business. There is NO ROOM FOR INEFFICIENCY, CARELESSNESS, OR UNNECESSARY SPENDING!!!

THE AIMS, PURPOSES, AND COSTS OF EDUCATION NEED CONSTANT RE-EXAMINATION.

If re-elected, I will continue to do the very best job that I am capable of.

In the final analysis, EDUCATION WILL BE ONLY AS GOOD AS YOU, THE INFORMED PUBLIC, DEMAND!!!

# SCHOOL BOARD

## Norman Lynch

Thanks to the Gazette for providing an economical means of expressing my views for the forthcoming election.

My thanks also to Mr. and Mrs. J. T. Kennedy for so graphically illustrating in last week's Gazette an example of how we, parents, are constantly being bitten by the costs of education.

My strong feelings and observations on the cost of education are by no means limited to those expenditures permitted by the board. I, too, have been subjected to the additional expenses that must be incurred because of individualistic methods of teaching instituted by many teachers.

I can find no conceivable reason why a program of standardization of provisioning of supplies cannot be immediately devised and implemented. This would relieve parents of additional expenses that are not manifest until too late. Requirements that supplies such as those supplied only by a major department store, as an example, are unwarranted both in procedure and financially.

Joint buying by all schools of similar items would do much to alleviate some of these costs both in taxation and direct cash outlay.

I also feel that in addition to the school board reporting in the local press, some means should be provided to the parents to ask questions and become more fully informed on classroom activities.

I respectfully request your vote to elect me to the Catholic School Board to help provide the answers.

## Don LaBelle

I would like to thank the St. Albert Gazette for this second opportunity to address the supporters of the Public School Board.

As public relations director for the Alberta Association of Registered Nurses, it is my task to communicate, and communication is what I intend to do. If re-elected I will strive to see that the public school supporters of St. Albert are kept aware of the many important items that are evident in running a school system.

Education is a costly business, and the general public should be well advised as to how their money is being spent.

In the past your school board has attempted to provide the children of St. Albert with the best educational programs available while endeavouring to keep the tax-base as low as possible.

The main goal of your board is to ensure that your children receive a well-balanced Catholic education which will provide the necessary knowledge and experiences to assist them throughout their adult years.

I feel your board is pro-

viding such a program and I seek your support on Oct. 13 to ensure that this program continues.

I have served as a trustee for the past four years, the last two as vice-chairman of the board, chairman of the finance and busing committees and as a member of the salary negotiations committee. This experience has given me more insight into the many problems facing the education of our children and better equips me to represent you in the future should it be your wish.

On October 13th, I ask the supporters of St. Albert School District No. 3 to allow me the opportunity to continue to serve you for the next three years.

## Ernest Howrish

With the election date fast approaching, I appreciate the opportunity of presenting some of my views in seeking election to the Board of Trustees of the St. Albert Public School District #3.

1. I have previously indicated my feelings regarding making better use of school facilities by community groups.

2. I am very concerned that in the current pressures of financial restraints of education, we must ensure that the quality of education affecting our children is not adversely affected.

3. I am concerned with the present textbook rental fee which is not only higher than other rental programs, but is also increasing at a significant rate. I feel that the public supporters should be able to expect some further clarifications regarding this rental program.

4. I feel that the Board of Trustees should make specific efforts to improve the communication of their educational decisions to the supporting public.

5. I would be opposed to any consideration of amalgamation of the two school systems in St. Albert. The privilege of providing our children with a Catholic education must be maintained.

6. I would further approve of providing a teacher-in-service program in religious education. This would ensure a continued improvement in this important aspect of the education program.

7. I am in favor of increasing the use of non-professional personnel within the schools to take care of non-professional duties.

8. I would urge making strong representations to the provincial government for financial support to bring kindergarten classes into the school program, and thus making them available for all children.

9. I would be concerned with some of the difficulties of pupil transportation in the district and would hope that some improvement would be possible in this matter.

10. Finally, I feel that my

experience with the education program as a teacher and as a school principal, would help me with decisions required of a school trustee.

I strongly urge all citizens to take advantage of their voting privileges and, if possible, give me their support for the position of School Trustee of the St. Albert Public School District #3. Thank you.

## Allan P. Gannon

To The Ratepayers, . . .

When last speaking to you through the Gazette, I outlined briefly, a number of possible positive approaches to what I consider to be priority areas for concern.

In discussions with various people during this campaign, the question of amalgamation of the two school districts has arisen. In light of this, I would like to take this opportunity to clarify my views. I strongly feel that to separate the student from religious education during his school career, to divorce religious teaching and exploration from his intellectual and moral formation, is to give the impression that religion is no more than an insignificant element in his life. Without an intellectual exploration of faith at school, the conclusion often follows that education is a process of separation from the families' religious beliefs.

Certainly I do not believe a religious education program is the whole answer. However, a program that complements, rather than contradicts the nucleus of our society, namely the family, will be one that places a renewed emphasis on the home and parish, not one that tries to replace them. I feel that there cannot be a total education independent of the question: What is Man? One philosophy is denied only by the presentation of a counter philosophy.

Remaining autonomous does not mean that both school boards cannot work together on joint use of particular facilities. A possible future agreement is feasible in such areas as use of gymnasiums, Industrial Arts labs etc. Both boards have worked closely in the past, I would work toward even further co-operation and communication between them.

## Charles Schroder

My qualifications are a combination of five years experience as a School Trustee (three as Board Chairman), nine years as a professional educator at NAIT and five years as a practicing Professional Engineer.

I believe that there should be a spirit of co-operation among trustees, teachers, students and parents and as a trustee, I have continually tried to appreciate the views

of others when arriving at decisions which affect them. In this time of rapid change I believe that each child requires the best education possible. Most important, this education must teach the child how to learn, to think, to reason and to solve problems. I believe that the highly capable teacher is still the most important element in developing intellectual abilities. Provision must also be made for those with physical disabilities as well as for the slow learners.

I still support the formation of a Regional High School District composed of the two districts in St. Albert. I do not approve of schools continually asking parents for money. Each school

should be supplied with sufficient funds to operate during the school year. However, I do feel that each child should purchase his own workbooks, pencils, paper and other day to day needs.

I have found the past five years rewarding and challenging. If you feel that my experience and my approach to education will benefit education in St. Albert please support me on election day.

## Dave Davis

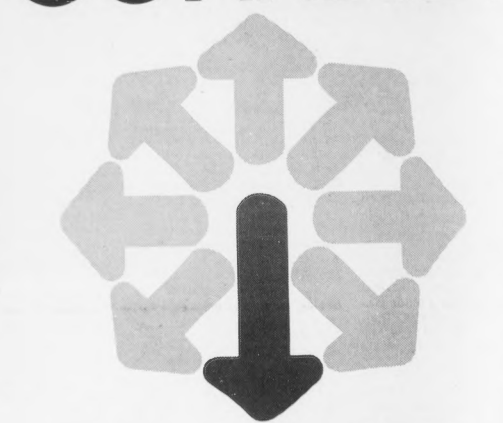

The coming election of October 13, 1971 for the Protestant School Board should be of utmost importance to each and every resident of St. Albert, par-

ticularly in view of the fact that the term of office is for a period of three years. It is the responsibility of school boards and administrators to devote more attention to criticisms of educational costs increases. It is also the responsibility of school systems to become more conscientious about justifying their spending, and to live within their budget.

Boards must continue to change and innovate to keep programs abreast of the needs of society. But, at the same time, they must relate all existing programs and costs to long and short term objectives, so that their worth to students - and

# GO AHEAD!

## BUY CANADA SAVINGS BONDS

If you're looking beyond today, plan ahead with Canada Savings Bonds. They're the go-ahead way to save for the future - without worry.

**Easy to Buy:** You can buy them three different ways; for cash where you work, bank or invest; on instalments through the Payroll Savings Plan where you work; or on instalments through the Monthly Savings Plan where you bank or invest.

**Simple to Cash:** Canada Savings Bonds are cold, hard cash - instantly. They can be redeemed any time at their full face value plus earned interest.

**Good to Keep:** Canada Savings Bonds are safe. They're backed by all the resources of Canada and they pay

good interest - year after year. New Canada Savings Bonds yield an average of 7.19% a year when held to maturity. They're available in amounts from \$50 up to a limit of \$50,000.

Each \$100 Bond begins with \$5.75 interest for the first year, pays \$6.75 interest for the second year, pays \$7.50 interest for each of the next five years, and then pays \$7.75 interest for each of the last two years.

On top of this you can earn interest on your interest and make each \$100.00 grow to \$187.00 in just 9 years.

Canada Savings Bonds are good today, better tomorrow. They're Canada's most popular personal investment. Look ahead! Go ahead! Buy Canada Savings Bonds.

Continued from page 4

their costs to the public - can be better understood.

I have served as a member of the school board for the past year and if re-elected it will be my prime objective as it has been in the past year to concern myself with the financial affairs of the school board. I will endeavour to keep the cost of education in St. Albert within the guidelines of the approved budget and to ensure that the costs are compatible with revenues available.

Other areas of concern to me are centralized purchasing of all equipment and school needs, and centralized inventory control of these items.

I would again ask for your consideration and support. Vote E. A. (Dave) Davis.

## Jim Wiltshire

I would like to express my appreciation for being able to again express my views in the Gazette.

During my four years tenure on the Protestant School Board there have been many significant changes in the educational picture.

A new financial program, student and teacher militancy and a more aware public are all putting pressure for boards to, on one hand, become more efficient financially, and, on the other hand, provide a better education for the student. These are very difficult objectives to attain as one defeats the purpose of the other.

I believe however that these goals can be attained. The school district has programs in St. Albert that are novel in Alberta and are being studied throughout Canada. The University of Alberta is using our facilities as a training ground for student teachers. Our teaching staff is being improved every year.

At the same time we have been spending too much money. We have a deficit which is much too large. As finance chairman this year I believe we finally have

the situation under control. We are almost certain to reduce our deficit this year.

My plans for the future:

1. Continued dialogue between all persons concerned with education to improve our educational position.
2. A more critical look at our budgetary policies to improve our financial position.
3. A reduction of our debt by arranging free land donated by speculators for school building sites.

## William D. "Cuts"

Many thanks to the Gazette for this further provision to contact the electors of the Protestant school district. I would like to take this opportunity to stress the necessity for a good response at election date.

At the same time I would like to solicit your vote for my re-election. Particularly I wish to urge my previous supporters to help contact any new arrivals who might not be aware of my past and present involvement in civic and community affairs.

My particular desire to be re-elected at this time stems in part from the fact that as chairman of the building and properties committee, I have been deeply involved in the planning of a new high school, (almost ready for tendering) and acquisition of land for its location (not finalized yet).

Also I have been spearheading a drive to get the town council to designate town-owned land adjacent to the proposed school location, designated as park land, and included in Joint Use for recreation for both town and school. Sufficient votes for me on October 13 would ensure my continued efforts to bring these plans

to completion.

If re-elected as trustee, some of the other objectives I would strive for would be:

- \*Possible addition of a covered swimming pool and cafeteria in the new high school.
- \*Elementary schools strategically located.
- \*Continued joint use of town and school facilities.
- \*Close co-operation with School District #3, with possible use of joint facilities.
- \*More provision for adult education.
- \*Continued striving for excellence in teaching staff.
- \*Improved communication to ensure an informed public.
- \*Careful budgeting and strict control of finances, to effect all possible economies.

I have been involved in the development of our school system for 12 years. During this time I held several positions: as chairman of finance, education and building committees; I have also acted as vice-chairman and chairman of the school board. Thus I have been able to acquire valuable experience. Further, I have kept abreast of new trends in buildings, facilities and educational philosophy.

With this training and experience I feel I could contribute to efficient administration of our school district. I solicit your vote for my re-election.

## Alex Sollanych

Two weeks ago in the Gazette I outlined a few ideas regarding school financing; today I would like to deal with some areas of our educational program that could be improved.

One is the counselling - programming area, where co-operative assessment and planning, based on aptitude and ambition, is made

by the teacher, student and parents. This will give more realistic guidance to the student regarding the essential pre-requisites, and positive direction toward university, vocational and business goals.

Another area is a complete program that will teach our students to handle many of the day to day problems, which we all face at one time or another in the business, social, community and home life, after leaving school. --I refer to such things as: budgeting and careful shopping methods. Banking, investment and insurance knowledge. Driving skills, every-day law, rentals, contracts and mortgages. Preparation for obtaining employment, and the fundamental knowledge of operating a business. The social and moral responsibilities for involvement in service clubs and community groups.

These are some of the areas I would like our district to develop. With your support and vote, we can achieve these goals.

Break-even point: When you stop trying to balance the budget, and begin trying to budget the balance.

## Bill Penrose

The Gazette has done a fine job presenting the views of the largest number of candidates St. Albert has had for years. There are many voters still undecided in their choice and, with the mood for change that seems to be alive in Alberta these days, some of us who are asking for re-election may be a bit worried that the baby will get thrown out with the bathwater.

The Separate School election offers nine choices for five seats. The five present trustees and four newcomers give us an opportunity for both change and experience in our election.

There are three tough years ahead for education. Your kids and mine are the ones who will benefit or suffer from the way we vote next Wednesday. The many problems of school taxation, busing, cost of books and materials, construction of new schools, year-round schools, community centre schools etc. etc. will be faced by our next school board. It is vital, for our children's sake that trustee decisions are made with full understanding of the effect on education that will result. It is important that some trustees bring experience to every decision.

I am asking for the support of electors who want a trustee with a solid record of achievement on the Board, plus the value of the experience I gained as your Secretary-Treasurer when I saw the system from the inside out. I will do my best.

## Ed Taylor

The October 13 date grows closer. On that date, you, the voter, must express your will in the triennial election. I say that I can do the job for the ratepayers of this town that has needed to be done for several years now. It is not the length of time spent in a job that determines the effectiveness of an elected representative, it is more the talents built up through other employment coupled with a will to work and the ability to get along with co-workers that should count towards obtaining your vote. I suggest to you that these talents I have and will bring to the task in your service.

I have two children in the St. Albert Separate School system. It is therefore not solely in your interest that I argue for a seat on the board, but in my own as well. I would naturally prefer to see that my own children get as good an education as possible for the dollars spent.

When it comes to the voting day, then, I ask that you consider casting a vote for me. I can but pledge to do my best: in service to you, in service to your children, in service to my own children, and in service to this, my chosen community.

Take a share in your future. Vote Ed Taylor.

## Donald C.

## Munro

One of my primary objectives if elected would be bringing together into a closer working relationship the community and the school. Schools often have the tendency of becoming somewhat isolated from the life of the community, very often resulting in programs of reduced relevancy and an overall general lack of public involvement in school affairs.

By Holly Hill

Paul Kane is suffering from the rising cost of living. The price of milk in the milk machine went up from 10¢ to 15¢ last Thursday. But until we get a new coin box for the machine, students may purchase tokens at two for 25¢ from the office.

The business organization and management class started selling chips again last week but they haven't raised their prices this year SOCCER:

In soccer action last

Some schools are involving parents in a limited role. However little actual provision for participation in the school decision making process has been provided. The public must be convinced that they do have a meaningful role in the conduct of the school and should be encouraged and assisted in becoming a part of the total school "team" in the development of curriculum and implementation of policy.

The services now provided by the schools should not be restricted to the present school age children. Research suggests that perhaps the most important years for learning are prior to six years of age; and little needs to be said about the needs for adults to continue their education for purposes of employment and wise use of leisure time.

I am firmly committed to greater parental involvement in educational decisions that will determine the learning experiences for their children.

I respectfully request your support on October 13 and if elected will strive to carry out the duties of a school board member to the best of my ability.

Thursday PK defeated Westlock 5 - 0. Jim Winters scored three of the winning goals for Paul Kane with Dave Grice scoring the remaining two. On Sunday Paul Kane came up against Barrhead winning 8 to 1. FOOTBALL:

In intermural flag football, Jackson defeated Leacock 6 - 0 and Johnson defeated Service 6 - 2. On Friday Service played Jackson losing 1 to 0 and Leacock lost to Johnson 1 - 0. CURLING:

## Mayor Gibbon attends Environment conference

Mayor Ray Gibbon was one of nine representatives from various organizations who attended the Environment Conservation Author-

ity Conference, held in Edmonton last Thursday.

Mr. Gibbon attended in his capacity as executive member of the Alberta Ur-

ban Municipalities Association.

"My main concern, for St. Albert, is the Sturgeon River," Mr. Gibbon said. "We feel the Sturgeon must be cleaned out and set up as a proper water course."

The mayor also expressed grave concern in regards to the stripmining activities in Alberta. "Our ecology has to be protected," Mr. Gibbon said, adding that he has indicated his willingness to the Authority to sit on any committee where he can be of service.

Mr. Gibbon said delegates discussed the formation of a public advisory committee on the environment. Such a committee would consist of approximately 60 members of the public who would be charged with a study of environment and conservation. Sub-committees would deal with such matters as water, pesticides and raw materials, including coal, oil, gas and other resources.

The various sub-committees would embark on a program of education and management and would recommend legislation for proper control.

Mr. Gibbon said a conference of the full committee and its advisors will be held November 25 and 26 and he has been requested by the Conservation Authority to sit on the organizing committee.

Mayor Ray Gibbon has just purchased the largest Kinslakes lottery ticket in Alberta from St. Albert Kinsmen President, Dave Stewart. The Kinsmen are grateful to all those who so generously supported them last year and again invite the people of St. Albert and District to participate. Tickets may be obtained from any Kinsman or from the St. Albert Sports Shop and from Hieten Travel. You have to be in it - to win it!

for the St. Albert rink) curling Thursdays at 4 p.m. All curlers must bring their fees in by this Thursday. With all those curlers, Paul Kane should see some really good competitions this year.

Judy Wood  
triple tennis trophy winner

These members of the St. Albert Tennis Club won trophies during the club's final tournament, held last weekend. Standing are Max Ostrovits, Roman Mureika, Kent Richardson, Fred Rudolph and Dave Kirk. Front row: Roberta Parsons, Judy Wood and Cynthia Sage.

## Arena Opens Saturday with full schedule

Arena manager Don Sinclair advised the Gazette on Tuesday the St. Albert and District Arena will open this weekend. Public skating will be held Saturday and Sunday from 2 p.m. to 4 p.m. and from 7:30 to 9:30 p.m. The arena will be closed Monday, being Thanksgiving Day.

Mr. Sinclair states the interior of the building has been completed with the bleachers finished and painted.

The concession will be operated by the town and managed by Judy Betts. Among the items on the menu will be hamburgers, hot dogs, french fries, coffee, and hot chocolate. Cold drinks along with chocolate bars and potato chips are available and a cigarette machine has been installed.

Concession hours will be from 5:30 p.m. to 11 p.m. each week day and from 8 a.m. till 11 p.m. on Saturday and Sunday. All buyers of hot dogs and hamburgers this weekend will receive a free soft drink.

Mr. Sinclair states the arena is almost booked to capacity, and the Kinsmen minor hockey program has some 45 teams involved.

The senior Comets will play home games on Friday and Sunday nights and will practice each Tuesday from 10:30 till midnight.

Senior B Meteors are scheduled to play some home games as well.

A six-team commercial league will operate each Monday, Wednesday, and Friday from 10:30 till midnight.

On Saturday the clinic will be held in the auditorium at Sir George Simpson with members going over various rules etc. On Sunday the clinic will shift to the arena for on the ice instructions.

The Kinsmen ask that all interested persons attend as without enough referees there will be no hockey for our 600 players.

The St. Albert Tennis Club final club senior tournament which concluded this past weekend, saw Judy Wood emerge as a triple trophy winner. The tournament, with a record 31 entrants (most of whom were in three events), started Sept. 18 but was plagued by a series of rain outs, thus postponing play from one weekend until the next.

Judy was victorious among the 12 entrants in ladies singles, winning the Scotia Bank trophy by defeating Bernice Parsons, 6-3, 6-7, 6-2 in the final. Judy then teamed with Cynthia Sage to win the Imperial Lumber trophy for ladies doubles defeating Bernice and Roberta Parsons in the final 9-2. The mixed doubles event provided Judy with her third trophy as she teamed with Dave Kirk to win the Mayors Cup, defeating Max Ostrovits and Anne Kirk 6-2, 7-6 in the final.

Fred Rudolph was triumphant for the second year in

a row over the 19 entrants in mens singles as he defeated Max Ostrovits 7-5, 6-3 in the final.

The mens doubles winners were Max Ostrovits and Roman Mureika who upset the top seeded Dave Kirk and Clark Warren 6-4, 7-6 in the final to take the Bruin Inn trophy.

The tennis club has the restriction that primary event winners may not play together for the two years following their victory - insuring that the strongest combinations may not win together year after year - thus providing variety in

the tournament.

Secondary events (for those players who lost their first round game) saw the following winners: ladies singles - Joan Green, mens singles - Bob Sage, mens doubles - Bob Sage and Bert Sonntag, mixed doubles - Bob and Joan Green.

Roberta Parsons, the top junior girl, was presented with the Canada Sawley trophy for girls singles on this occasion. Kent Richardson emerged as the top junior boy from among the five challengers and was also presented with the club trophy for boys singles.

## Referee Clinic

A referees clinic sponsored by the St. Albert Parks and Recreation Department and the Kinsmen Minor Hockey Association will be held October 16 and 17 from 9 a.m. till 4 p.m. each day.

On Saturday the clinic will be held in the auditorium at Sir George Simpson with members going over various rules etc. On Sunday the clinic will shift to the arena for on the ice instructions.

The Kinsmen ask that all interested persons attend as without enough referees there will be no hockey for our 600 players.

## St. Albert Bicycle Club

Although a steady drizzle made riding hazardous, and forced several riders to retire, the St. Albert Bicycle Club's final race of the season went off as scheduled Sunday, Sept. 26.

The race was run on the Grandin Park circuit and 17 riders started in senior, junior, schoolboy and veteran categories.

The main event provided

some exciting racing with John Bryan of George's Cycle starting three minutes late, chasing the leading pair of Marijan Kahlina of Georges and Sandy Harris of VSE and gaining steadily on these two throughout the 20 laps.

With three laps to go, Kahlina dropped Harris and finished by himself, with a time of 1 hr. 9 min. 3 sec.

for the 25 miles. Meanwhile John Bryan overtook Sandy Harris on the last lap and secured second place in 1 hr. 9 min. 4 sec. Harris came in third (overall and first junior) in 1 hr. 10 min. 11 sec.

Fourth place was hotly contested, with junior riders Fraser Archibald, (unattached), Desi Dubajic, (unattached) and Lee Cameron, St. Albert Bicycle Club, finishing fourth, fifth and sixth, all with the same time of 1 hr. 15 min. 24 sec.

Other results were as follows:

### SCHOOLBOYS EVENT

#### 12 LAPS

1. Gordon Heacock, VSE 47 min. 6 sec.

2. Jack Blakeman, St. Albert Bicycle Club, 51 min. 51 sec.

3. Fred Corie, VSE, 52 min. 30 sec.

### VETERAN'S EVENT

#### 12 LAPS

1. Harold Heacock, VSE, 49 min. 50 sec.

This winter, members of St. Albert Bicycle Club will be involved in a number of activities, including cross-country skiing, running, snow-shoeing and table tennis. Anyone wishing to take part in any of these, please contact Peter McCaffery at 599-8704.

### MD

*Considers  
Minor  
Hockey*

Anyone who is interested in forming a Minor Hockey Association for the MD of Sturgeon, or who would like some information on the possibilities, is invited to contact Carl Royan at the municipal office in Morinville as soon as possible.

## Rangers take lead in soccer playoffs

Two wins by the Rangers last weekend moved them into top spot in the race for the Challenge Cup.

Saturday morning saw the Rangers (2 - 0) score a 5 - 3 win over the Flyers (1 - 1) on two goals each by Darrell Budney and Scott Gannon. Erin Garvin scored the other as he broke a 3 - 3 deadlock. Gannon put the game out of reach when he scored on a penalty shot. Steven Leggett and Todd Winquist tallied for the Flyers.

Rangers second win came at the expense of the Lancers (0 - 2) when the squeaked out a 3 - 2 win. Darrell Budney scored a pair and Scott Gannon added the other. Lancers got goals from Glen Kelly and Allen Gates.

Further action takes place this weekend when Flyers tangle with the Lancers at 10 a.m. on the Grosvenor

pitch while the Rangers go against the Rovers (1 - 1) at 2 p.m. at Paul Kane. Should the Rangers win, the Challenge Cup series will be awarded to them. If they lose and the Flyers win then a three way playoff will take place the following weekend.

**TRUSTEE !**

**A  
MESSAGE  
FOR  
ST. ALBERT**

St. Albert is about to enter a critical period where unprecedented demands for growth and development will be thrust upon us. In addition, environmental restrictions will make it mandatory to provide expensive sewage treatment and sanitary landfill facilities. It would not be realistic to try to halt growth, but it is realistic to expect our elected representatives to ensure that this growth is well planned and properly financed.

We have a number of fine people running for Council but I believe that the kind of man we elect as mayor will determine the way in which our council functions and makes decisions.

We need a man of experience, the ability to work with others, and someone who has the confidence of both the people of our town and those other municipalities with whom we must deal.

For these reasons, I am voting for DICK FOWLER because I believe that he has these essential qualifications.

**BOB RUSSELL**

AND

AT THE SAME PLACE, TIME AND DATE ABOVE MENTIONED, POLLING FOR MEMBERS OF THE BOARD OF THE

**ST. ALBERT SCHOOL  
DISTRICT No. 3**

**ST. ALBERT SCHOOL  
DISTRICT No. 6**

WILL TAKE PLACE.

AND THAT I WILL AT THE TOWN HALL ON FRIDAY THE 15th DAY OF OCTOBER 1971 AT 12:00 O'CLOCK NOON SUM UP THE VOTES AND DECLARE THE RESULT OF THE ELECTION.

Dated September 27, 1971

G. P. Moore  
Returning Officer.

## ST. ALBERT RECREATION HI - LITES

Last call! If not claimed within the next few days the clothing, towels, etc. lost and found at the pool will be disposed of. They are at present in the office of the Department of Parks and Recreation in the Town Hall SHAPE UP!

An eight-week "Shapeup" course for ladies, sponsored by the YWCA, will start on Monday, October 18 in Father Jan School, Mission Ave. Classes will be held each Monday from 8 - 9:30 p.m. and the fee will be \$6. Registrations will be taken on the first evening.

#### SKATING:

The learn-to-skate, power skating and figure skating classes, sponsored by the St. Albert Figure Skating Club, will start in the week beginning October 18. There was an excellent response to the registration for these classes and the power skating, learn-to-skate and beginners' figure skating classes are now full. There are still a few openings in the other levels of figure skating and dance lessons but anyone interested should register as soon as possible. Forms are available at the recreation department in town hall.

## ST. ALBERT SPORTS CLUB

For the last few years a group of people have been meeting in Father Jan school every Thursday evening with the purpose of keeping fit and having fun doing it; mainly they played volleyball. It has been what is called an "unstructured activity." The first meeting will be on Thursday, Oct. 14 at 8 p.m.

A similar opportunity will be given to those people who prefer this type of activity but this time the emphasis will be on badminton. Starting on Thursday, Oct. 19, from 7:30 - 10 p.m. the gym in Sir George Simpson school will be available. One will certainly be for badminton, the other can be used for badminton, volleyball or basketball - whichever is in most demand.

An enthusiastic, sports-minded (but unstructured!) group is spearheading this activity and invites anyone interested to join them on Tuesday evenings in Simpson.

Adults, young and old, will be welcome - and this, of course, includes the teens. Phone the department of recreation at 599-6601 for information.

Terrault at 599-6896.

#### BASKETBALL:

Basketball programs for boys and girls (12 - 16 years) will be sponsored by the Hercules Sports Association. The gymnasium at

Vital Grandin School has been reserved on Tuesday and Thursday evenings and the first practice will be held on Tuesday, October 19 at 7 p.m. Registrations will be taken that night.

## Town of St. Albert

### LIBRARY BOARD

Appointments are made to the Library Board annually at the organizational meeting of council.

Invitations are extended to any interested citizens who wish to serve on this board, and applications together with any inquiries should be directed to the undersigned as soon as is possible.

D. B. O'Connell  
Secretary-Treasurer.

## Attention coaches and players

The Kinsmen Minor Hockey Association are requesting all registered hockey players to be at the arena Saturday, October 16. Players will be graded as to their ability and will be placed on either an A or B division in the shaver, mite and peewee leagues.

Shaver and mite will be on the ice from 9 a.m. till

noon; peewees from noon till 3 p.m. and bantams from 3 till 5 p.m.

All hockey coaches are asked to attend so as to help in selecting the various teams.

Coaches are asked not to forget the coaches clinic to be held October 13 and 14.

## Pee Wee Allstars going great

The St. Albert Peewee Soccer Allstars have been going great guns in the past couple of weeks, out scoring the opposition 28 - 2 in only three games.

On Sept. 18 St. Albert showed great goal scoring ability as they handed Sherbrooke an 11 - 2 drubbing. Greg Young led the way with four goals while Brad Taschuk added three and Martin Holden booted a pair. Jim Cairns and Lonnie Eschak added singles.

St. Albert again dominated the game on Sept. 25 as they handed Steel Heights a 10 - 0 white washing. Greg Young led the way again with three while Lonnie Eschak, Martin Holden and Brad Taschuk added two each. Brian Kathol scored the other.

Last Saturday they blanked Wellington 7 - 0 as John Kataris potted three and Greg Young added two more. Singles went to Lonnie Eschak and Brad Taschuk.

## Large turnout for Badminton

An excellent turnout of over 50 badminton players was on hand for the club's opening night Monday at Vital Grandin gym. About half were new members this year and despite the addition of an extra night and an extra school gym this year, the club may yet be looking for more space.

The club will meet as follows: Monday - Social Section - Vital Grandin, 7:30 p.m.; Competitive Section

St. Albert High - 8 p.m.; Wednesdays - Both sections Vital Grandin - 7:30 p.m.; Thursdays - Both sections, St. Albert High - 8 p.m. Lessons will begin on Wednesday evening, Oct. 13 at Vital Grandin; Beginners at 8 p.m., Intermediate 8:45 p.m. and Advanced 9:30 p.m.

The Badminton Club is open to everyone interested, as is the lesson program, and new members are welcome.

## Local riders participate in transatlantic race

Stopwatches were synchronised in an unusual transatlantic bicycle race last Sunday. Alberta took the honors, as teams from Leicestershire, England, and Edmonton, Alberta competed in a 25 mile time trial to determine the best individual riders and the best teams.

The Alberta team, comprising riders from St. Albert Bicycle Club, Velo Sport Edmonton and Georges Cycle team, rode on a course on Highway 16 West, whilst the British Club, Coalville Wheelers, raced on roads near Leicester.

This novel event was arranged by St. Albert resident, Geoff Peters, who is the Alberta chairman of the Canadian Cycling Association.

Results in the various categories are as follows: (St. Albert Riders are marked with an asterisk):

Senior Event: (1) John Bryan, Alberta, 57 min. 33 sec.

Junior Event: (1) Ed Heacock, Alberta, 59 min. 32 sec.

Veterans Event: \* (1) Tony Raven, Alberta, 1 h. 5 min. 45 sec.

Team Event: (1) Alberta, John Bryan, Ed Heacock, John Rodger, 2 h. 59 min. 47 sec.

Total entries in the event were: Alberta 18 Coalville 28. The weather in Leicestershire and Edmonton was about the same and the results indicate that the standard of bicycle racing in Edmonton has improved a great deal in the last five years.

The event was so well

received on both sides of the Atlantic that it has been decided to make this race an annual event.

# Diary Queen offers quality food at family prices

St. Albert and district residents are finding their way to quality foods, tastefully prepared and quickly served at reasonable prices. Where do they go? To the spanking new, red and white Dairy Queen restaurant at St. Anne Street and St. Albert Road.

The restaurant has its official opening this Saturday at 2 p.m., with Mayor Ray Gibbon participating in the proceedings.

The Dairy Queen Brazier Restaurant features seating for 72 customers and parking is available for 30 cars. The restaurant is open Sunday through Thursday from 9:30 a.m. to 11 p.m.; on Fridays and Saturdays it closes at 12 midnight. The St. Albert Dairy Queen employs a staff of 20 local people. The owner-manager is Max McCann, formerly of Burlington, Ontario and now a resident of

St. Albert.

All Dairy Queen meals are charcoal broiled and Mr. McCann said only top quality meats are used in his restaurant. Featured on the menu are juicy burgers, fish and chips, fish sandwiches, hot dogs, including the delicious chili dogs, and onion rings. Fish is brought in from Nova Scotia.

A large variety of ice cream delicacies are featured, ranging from soft ice cream cones to tempting sundaes, parafays and banana splits.

Mr. McCann said his prime concern is to serve his customers quality products at a reasonable price while maintaining fast service and clean, bright premises.

A popular item at the new Dairy Queen are the take-home packs. Featured in the display freezer are one and three pint contain-

Max McCann

ers of Dairy Queen's own ice cream in popular flavors. Especially popular with the youngsters are dilly bars, buster bars, DQ sandwiches and jets. These sell for 15 cents each, but special packs of dilly bars and DQ sandwiches contain 11 pieces for the price of 10. These make a nourishing party treat for children . . . and their parents, too!

Dairy Queen milk shakes, available in 14 flavors, are served with over-sized

straws. They have to be . . . these have got to be the thickest, creamiest shakes this side of the milky-way!

The new St. Albert Dairy Queen is the third in the Edmonton area and Max McCann and his friendly staff extend a cordial invitation to residents of St. Albert and surrounding area to drop in for a tasty snack or a delicious, wholesome family meal.

By Karen Donald

AND Monte Gannon  
AROUND THE SCHOOL:

Mr. Kambeltz, who has been sick at home with pneumonia for the past three weeks, is still away.

Mr. Marko missed his weekly hair cut last Tuesday!

Congratulations to St. Albert High teachers who defeated teachers from Father Jan, V.G. and Albert Lacombe in football by a score of 27 - 26. Single touchdowns were scored by Ham Hands Kupsch, Thumper Marchand and Road Runner Reinhold who scored two touchdowns.

At this was possible only through the blocking of Tip-toe Hoebor and Garcon Teller. Other outstanding players were Golden Arm Johnston, Willowy Wisplinski, Lump Lockert, Hustle Chugg and Sure Hands Szpital. Refereeing was supplied by Holy Jake Joly and Sinfu Setaert.

VOLLEYBALL:

The senior girls team consists of Shirley Bokenfohr, Marguerite Bourgeois, Faye Brenneis, Shar Durling, Susan Gerry, Carmen Gibeau, Gall Hermantutz, Elteen Kolesar, Connie LeBlanc, Dale Majeau, Diane Majeau, Janet McGillis, Linda McGillis, Lorna Mc-

## Women welcome at Toastmistress club

Budding "after-dinner" speakers in the St. Albert Toastmistress Club have as their topic for speaking this week a Book Review, of their choice.

New members are most welcome to register in the club, or interested women who would like to see how it operates are extended a warm invitation to attend this week's meeting or future meetings. The Toast-

mistresses meet Wednesday evenings in St. Albert library at 8 p.m.

Small daughter: "Mama, why did you marry Daddy?"  
Mama: "So you've begun to wonder, too?"

Professor: "What's the difference between electricity and lightning?"

Student: "We don't have to pay for lightning."

## St. Albert High

Gillis, Nancy Rubollak, Letitia Sopchuk, Janet Thompson, and Sharon Willis.

The practices for this week ONLY will be on Tuesday and Thursday.

The reason the team is so high is because it is going to be split into an A and a B team.

The senior boys team is getting in top shape and "Tip-toe" Hoebor is coaching them to be victorious in the future games which will begin about the middle of October.

CURLING:

Square-draw curling will begin next Wednesday, Oct. 6 at 4 p.m. Lists of teams

are posted on the bulletin board and fees of \$10 must be turned into the respective skips and then to Mr. Kupsch before any curling will take place.

FOOTBALL:

Our junior team came away victorious from their game against SAM the other evening (again). They defeated the opposition with a snap score of 29-13. Will they ever find a team that can beat them?

CROSS-COUNTRY:

The important dates for cross-country are: Mon. Oct. 11 at Edmonton (University); Wed. Oct. 13 at St. Albert Junior High Meet

Sat. Oct. 16 at Sangudo-North Central Zone; Sat. Oct. 23 at Calgary-Provincial HS Meet.

Practices are every day after school from 3:30 until 4. For information about entry forms, age groups, distances etc., see Mr. Wood

REACH FOR THE TOP:  
The team will be taping tonight, for Oct. 30. Any spectators are welcome and a bus has been arranged to leave from the community hall at 8 p.m.

SPECIAL NOTE FOR THE ARTISTIC:  
This year the Year Book staff wish to use a cover designed by one of our own students. Get out your pencils, put on your thinking caps and prepare to submit your ideas. Watch the bulletin board and the newsletter for more details.

ATA INDUCTION CEREMONY:

The St. Albert ATA Local #66 held an induction ceremony for teachers entering the teaching profession in Alberta for the first time. Two teachers from St. Albert High, Mr. M. Gibbons and Mr. J. Marchand, were inducted Friday, Oct. 1st.

The Dairy Queen Brazier Restaurant, on the corner of St. Anne Street and St. Albert Road, is holding its official opening this week.

ST. ALBERT, ALTA. - MONTREAL, QUE.

Bank of Montreal

Volunteer mothers, pictured here with Father Jan librarian Gertrude Oliphant, include Mary Arisman, Cecile Martindale, Florentine Hartmetz, Lucie Hermans, Mrs. Oliphant, Joanne McGregor and Maxie Lorgen. Not present for photograph were Madeleine Roy, Mary LeBlanc, Donna Puschke and Mrs. Kennedy.

## Biologist to discuss Big Lake area

Carl Serendy, biologist with the Canadian Wildlife Service will speak on Wetland Acquisition at the St. Albert community hall, Tuesday, Oct. 12, 8 p.m. Mr. Serendy is the author of a study entitled "Integrated Land Use Concept of the Big Lake Area."

The St. Albert and District Fish and Game Association invite all residents who are concerned about Big Lake to come out and hear what a biologist has to say about it. The meeting will also include discussion of resolu-

tions. Members are reminded they may present resolutions on any topic, including the vital matter of conservation.

Resolutions are voted on at the local level, the zone level and, finally, the provincial level. Resolutions that have been passed at these levels are then presented to the government. The St. Albert club has a long record of resolutions presented to the government, a number of which have become law.

## Lions unique birthday calendar

The St. Albert Breakfast Lions have come up with a unique idea which should be a good source of revenue for the club's many community projects and, at the same time, offer to the residents of the town a novel service.

On Tuesday evening, Oct. 12, the Lions will conduct a door to door blitz, offering for sale their birthday calendar. For the nominal fee of \$2 per family, all

## Father Jan instigates volunteer program

Interested mothers, anxious to participate in the educational process of their children have volunteered their services to the Father Jan Junior high school library.

After an orientation program, conducted by the librarian Mrs. Oliphant, the mothers will take part on a volunteer basis in assisting the staff in clerical work and library supervision.

Mrs. Oliphant said the school is very enthusiastic about the mothers participation and it is felt this is the first step towards increased communication between parents, teachers and students.

She said the school would welcome additional volunteers and interested ladies are asked to call the school at 599-6178.

birthdays as well as anniversary dates will be printed on the calendar. This offer includes a free calendar which features an aerial photograph of St. Albert. Residents not wishing to announce their birthdays can still buy a calendar for \$2.

Clubs and organizations are invited to publish their meeting dates on the Lions calendar, which, by the way, would make a nice gift.

## Chiropractor opens new office

Dr. Peter Smerdon has opened offices for chiropractic care at 12 Perron street (formerly Hellen's Travel). Dr. Smerdon received his education in England and came to Canada in 1963.

A recent graduate of Canadian Memorial Chiropractic College in Toronto, Dr. Smerdon says his main interest lies in setting up a

family practice, stressing prevention rather than cure. "Along these lines, my practice will have a degree of referral with the various medical doctors in the town," Dr. Smerdon said.

Dr. and Mrs. Smerdon have two young sons and the family hopes to establish residence in St. Albert in the near future.

On October 13th Re-elect

**DONALD J. LaBELLE** X

William J. Veness  
former Mayor of St. Albert

# "Dick Fowler should be our next Mayor."

Dick Fowler left the Mayor's chair in 1968, because his engineering sales business required his attention and the Town's financial problems were overcome. Although he has been away from Council for three years his thinking is still up to date, and he is tuned into the times.

He is a man people on the go can move with. Look to for advice and leadership. Respect.

As a former Mayor myself, I know the problems which constantly face our Administration. Having worked with Dick on Council and daily, seen him in action, I have no hesitation in saying Dick Fowler should be our next Mayor.

Further, he will have my full support.

William J. Veness  
37 Glenhaven Crescent

ON OCTOBER 13th....

ELECT A MAN OF ACTION

# RICHARD FOWLER

MAYOR OF ST. ALBERT

Inserted by the RICHARD FOWLER for Mayor committee

# Subdivision approved - Northwest Annexation

An application for proposed subdivision in the area to be annexed to St. Albert in the northwest sector was reviewed by council Monday. Some 400 acres are involved, reaching about halfway from the present town boundaries to the Villeneuve road, and contiguous to the Lacombe Park subdivision within the town boundaries.

"Are we committing a future council?" asked Councillor Lukay, to which Mayor Gibson replied that the present council had made a commitment two years ago in 1969.

At that time council agreed that BACM would be given just consideration to this annexation on neighborhood development basis. To service Lacombe Park the town required the developer to install, at his expense, over-size sewer and water lines, and BACM pointed out that the investment was not realistic for a development encompassing only the 120 acres in Lacombe Park. "Is this a 'fait accompli'?" asked Lukay.

"No," said the mayor. But I would hope the next council would observe certain moral obligations. Councillor Jetruffin's motion that council accept the planner's recommendations on the subdivision application carried 5-1. The application will now go to the Local Authorities Board for approval on the annexation, and if approval is granted the next step will be to enter into a development agreement, under which BACM would service the land.

A less weighty matter, but one that provoked almost as much discussion was the garbage situation in Ridgewood Terrace.

Mayor Gibson advised council that he felt a twice-a-week garbage pick-up was

required in Ridgewood Terrace to correct a situation he felt was both unsanitary and unsightly. He had been in the Terrace on a Tuesday and had noticed that garbage containers were heavily overloaded, and that pick-up day was not until Thursday. Councillor Russell felt that if there was a shortage of containers, why should council bear any expense, and it was pointed out that putting in more containers would restrict the parking space.

Councillor Lukay asked the mayor if he realised council would be setting a precedent if twice-a-week pick up was made. This area represents a specific case in St. Albert said the mayor. I warrant extra pick-up and the town can stand this in the condominium.

Councillor Kambourff suggested council could find the same situation in every residential area, where residents solve the problem by bundling excess papers etcetera and holding them in their basements until pick up day.

Mayor Gibson felt all this haggling was unnecessary - "we are not doing our job," his motion lost.

In response to Councillor Lukay's persistent request that council hear an alternate engineering consultant before making a decision on a new sewage system, finance and public works committee heard a submission by Mr. W. J. Francel of Francel and Associates on Sept. 27. At the meeting Stanley and Associates were also interviewed on their proposal for the design work on the proposed project.

Lukay was not to be moved from his position that the report from Stanley and Associates was not complete

as to costs estimates, and until it was no further action should be taken on the project.

The matter was before council again Monday night when they were asked to approve committee recommendation, carried by a 5-1 vote, that the town retain Stanley Associates Engineering Ltd. and enter into an agreement for the design and construction of aerated lagoons at the North Saskatchewan river. Further to this resolution was an amendment that negotiations and consultations be held with Athabasca University and appropriate government agencies as a priority item by Stanley Associates. Vote on the resolution and amendment carried with Lukay opposed.

The other councillors were in agreement that the project should not be held up, and that the study by Stanley provided sufficient information on all aspects of the project, including probable costs, to allow a start to be made. The discussions have been lengthy and all members of council presented their views. Negotiations with the university board will get underway almost immediately and the preliminary work on the project will be done this fall.

Boss to secretary:-- "You're three weeks behind in your work and three months ahead on your coffee breaks."

Sign in a gas station:-- "Free panty hose with 10 gallons of gas. Free installation."

"Look at the lovely ring Jack gave me last night. It fits beautifully."

"Yes, it's very nice, dear. It was a bit tight on me."

## PUBLIC TRUSTEES

Continued from Page 1  
the finance committee study the matter and make a recommendation at the next board meeting.

In other business, board chairman Dave Fraser said the board is still considering presenting an emergency resolution regarding school

busing and transportation to the Alberta School Trustees Association or the Catholic School Trustees Association.

As this was the last meeting before the Oct. 13 elections, Mr. Fraser paid tribute to the two retiring trustees: Dr. Walter Mirlin and Jack Flaherty. Dr. Mirlin is not seeking re-

election, he has served the Catholic school district for nine years. Mr. Flaherty has accepted employment in Red Deer. He expressed his gratitude to the board for the co-operation shown him during his tenure as trustee.

The next meeting of the public school board is Oct. 18, 7:30 p.m.

## LOCAL CONTROL OF EDUCATION IS AT STAKE!

Commencing Friday morning, October 8, 850 teachers employed by the eight school boards in the North Central (West) School Authorities Association will go on strike. This action follows 10 months of negotiations between the boards and the Alberta Teachers' Association, the official bargaining agent for the teachers. Prior to being served with strike notice NCWSSAA offered to meet with the teachers on three different dates - October 14, 18 and 20. However, the teachers have chosen to serve strike notice despite an offer to meet. The only conclusion that can be made is that the teachers wish to play politics during the local elections of October 13th.

The following message is presented by the school boards involved in the dispute. Its purpose is to inform you, the public, of what has happened, what is happening, and what could happen. It is also an appeal for your support. For if the teachers gain their demands in this dispute it will not only be school boards who are the big losers. It is YOU, the PUBLIC, who will have lost control over education in your community.

## WHAT THE TEACHERS HAVE ALREADY GAINED!

During past negotiations teachers have negotiated contracts which at present place them in the position of:

1. Working less than 200 days per year
2. Earning well above average salaries in the communities in which they work, and
3. Are proposing now to instruct pupils only 23 1/3 hours per week and be assigned no more than a complete total of 30 hours.

Further, the cost of wage proposals made to the teachers this year will cost the boards from 15 to 20 per cent over two years. This is the present situation.

## WHAT TEACHERS WANT NOW

What do the teachers expect to gain from this strike? The answer is simple. They want power. Power to control the school system which has traditionally been the right of the public through its elected school boards. The teachers have publicly denied this. They claim that all they want is to be consulted before school boards make decisions which effect working conditions.

However, hidden beneath this innocent sounding demand is another objective which has become glaringly apparent to trustees who have been involved in negotiations.

AT THE BEGINNING OF NEGOTIATIONS THE TEACHERS PROPOSED A CLAUSE (UNDER THE HEADING OF CONSULTATION) WHICH WOULD HAVE FORCED SCHOOL BOARDS TO NEGOTIATE (NOT CONSULT) WITH TEACHERS ON ALMOST EVERY ACTION PROPOSED BY THE BOARD. THIS WOULD GIVE TEACHERS THE POWER TO CO-DETERMINE EDUCATIONAL POLICY WITH THE ELECTED SCHOOL BOARD. THIS DISFRANCHISES PARENTS AND TAXPAYERS FROM THEIR LEGITIMATE CONTROL OVER SCHOOLS.

The school boards in NCWSSAA have successfully resisted the inclusion of this clause in the collective agreement.

Over the months the teachers have watered down their demand to the point where it could be legitimately termed consultation.

HOWEVER, BY THE NATURE OF THEIR PAST DEMANDS, THEIR FUTURE INTENT IN THIS AREA IS CLEAR. IT IS NOT SIMPLY CONSULTATION - IT IS CO-DETERMINATION - THE RIGHT TO SET THEIR OWN WORKING CONDITIONS WHICH WOULD IN TURN GIVE THEM THE POWER TO CONTROL ALMOST EVERY FACET OF THE SCHOOL SYSTEM.

## THE SCHOOL BOARD POSITION

The school boards believe this struggle is for high stakes. And it is not over "consultation" as the teachers would have the public believe. Boards have always consulted with their teachers and will continue to do so - but without the encumbrance on a binding clause in the collective agreement.

It is the control of education which is at stake and your support is urgently needed by your school board.

PLEASE KEEP IN MIND THAT JUST AS WAR IS TOO IMPORTANT TO BE LEFT TO GENERALS ALONE, SO IS EDUCATION TOO IMPORTANT TO BE LEFT ENTIRELY UP TO TEACHERS.

If you have any questions regarding the position taken by your school board please contact your local school board office or the following directors of the North Central (West) School Authorities Association:

## Hurst - Yeats vows at Namao

Namao United Church was the scene of an early fall wedding, Sept. 25, as Rev. E. Miller united into marriage Lorette Yeates, daughter of Mr. and Mrs. John Yeates of Namao and Douglas Hurst son of Mr. and Mrs. Casey Hurst of Edmonton.

A floral arrangement of fall foliage with lighted candles decorated the altar. Music was supplied by Verna Hansen, of Namao.

Given in marriage by her father, the bride wore a short dress of white lace, with long sleeves and attached lace hood. She carried a bouquet of red roses and wore sweetheart roses woven in her hair.

The bride was attended by Judy Farrell and Colleen Crozier, both of Namao.

They wore identical pale blue short dresses with matching hoods and carried arrangements of pink carnations.

The best men were Greg Flare and Rick Dawes. Guests were ushered by Danny Hurst and Bill Hurst.

For her daughter's wedding Mrs. Yeates wore a deep purple ensemble complemented by a corsage of pink roses.

Mrs. Hurst chose a dusty pink dress with silver trim and white roses on corsage.

Following the ceremony a banquet for the attendants was held at the Purple Dede, followed by a reception.

Dwayne Bradburn was master of ceremonies and Greg Flare proposed the toast to the bride.

After a brief honeymoon the couple will reside in Edmonton.

## Legion plans membership drive

By Wally Swenarchuk

A membership drive, both for renewal of present membership and for the purpose of acquiring new members, particularly from among those who have recently arrived to make their homes in our rapidly expanding town, is now underway.

The Royal Canadian Legion headquarters in Ottawa has recently undergone "computerization" in recording its membership, and automatic renewal of cards, is now in effect. Up until now renewals were made through provincial commands.

The "associate" membership issue is also now under review, and the "social" members can expect some changes to their participation in legion activities. Legion membership applications are being accepted every Saturday

evening from 8 o'clock at the Legion Hall.

The Ladies Auxiliary, Royal Canadian Legion, is also endeavouring to increase its already sizeable membership. It is not restricted only to the wives of existing members, but is open to all women whose close relatives served in the Armed Forces, and that includes widows, and daughters of servicemen.

At the moment, the Ladies Auxiliary is planning a rummage sale at the Legion Hall on Saturday, Oct. 23, from 10 to 12:30. Coffee and donuts will be available. Their next meeting will be held on Oct. 19. The regular meeting of the Legion will be on Tuesday, Oct. 12.

# To The Voter

## RECREATION

Council has projected a plan for a 40 - 60 acre site to accommodate indoor and outdoor sports.

## MUNICIPAL SERVICES

Council has approved the closing of the present sewage lagoons and the installation of improved treatment facilities.

## TRANSPORTATION & SIGNALS

Council has approved a transportation study and is committed to implementing the recommendations to install highway traffic signals, and to internal and external bus service. As plans for rapid transit proceed in the Edmonton regional area, full co-operation with both Edmonton municipal and provincial governments will be required for the benefit of the people of St. Albert.

## STABILIZED MILL RATE

The mill rate has remained stable for the last three years.

## CONTINUOUS AUTONOMY

I have been actively opposed to amalgamation since 1967.

## CONTROLLED GROWTH

This has been, since 1957, and will continue to be a controlled, planned town.

## FULL TIME MAYOR

Instead of a full time mayor, men who are trained administrative assistants will better serve the community.

## SALARY INCREASE

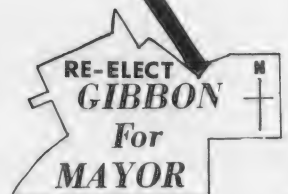

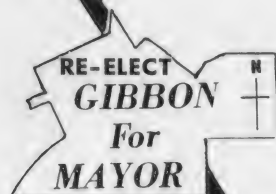

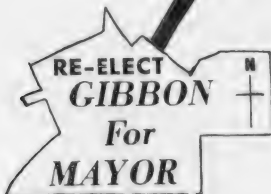

We maintain the existing premise of only cost of living increases to the mayor's salary.

## MY PERSONAL PRIORITIES ARE:

- Commercial development in the downtown area.
- Neighborhood Shopping Facilities
- River area Beautification
- Expanded Youth Facilities
- Decrease in debt repayment
- Mill Rate remaining Stable.

You have my word and the records of the meetings in Town Council that these issues exist.

I want the citizens of our community to believe in the future of St. Albert, as I do.

On October 13th  
Re-Elect  
**RAY GIBBON**  
for Mayor

## Trustees will stand firm on consultation issue

If trustees were to agree to Alberta Teachers' Association demands to have a consultation clause written into a collective agreement with their teachers, a school board's chances of survival as a responsive and responsible governing body would be "about as good as the proverbial snowball in hell," said the chairman of the North Central West School Authorities Association.

Mr. Bailey made the statement following a meeting last week of school trustees from throughout the district, which includes Thibault school in Morinville. Mr. Bailey said trustees have an earnest desire to settle the dispute and avoid the strike which has been threatened by the teachers. "However, this can only happen if the ATA drops its demands for consultation," he said.

The consultation clause states that school boards must consult with their teachers before making decisions which would affect teacher working conditions. "On the surface it sounds like a pretty innocent demand," Mr. Bailey said,

"but when you consider that almost every decision that a school board makes has some implications for teachers, it changes the meaning of consultation completely."

Mr. Bailey added that trustees are the first to recognize the importance of consultation with their teachers and that there has always been consultation in the past. "Why, at this point in time, has it become necessary to include it in the collective agreement, thus making boards legally bound to the likes and dislikes of their teaching staff?" he asked.

"After years of playing one small school board against another in the bargaining process, the teachers' union has now been confronted with a unified group of school boards who are better able to resist union demands," Mr. Bailey said. "In response to this show of solidarity, the union has cried 'foul ball,' and has adopted a public attitude of hurt and bewilderment."

"But underneath all the publicity, the ATA goal remains the same: The inno-

cent sounding consultation clause is simply the first step in a union effort which would ultimately give a small non-elected group (the teachers' union) the right to determine education policy," Mr. Bailey said.

The chairman points out that in the course of this year's negotiations, NCW-SAA has offered teachers salary increases in excess of six per cent, equitable increases in administrators allowances, and increased school board contributions to health and insurance plans. These offers have subsequently been refused by teachers because of the boards' refusal to include the consultation clause.

"If a strike does occur," Mr. Bailey said, "trustees believe taxpayers, parents and students will have a difficult time rationalizing this action by a group of people who at present work only 200 days per year and who have proposed to instruct pupils only 23 1/3 hours per week and who already earn above average salaries in the communities in which they work."

Mr. Bailey said trustees still remain hopeful that a strike can be averted and have re-affirmed their willingness to hold further meetings with union negotiators.

high scholastic achievement consistently.

## Frank Comeau seeks Council seat

Frank Comeau of Riviere Qui Barre district announced yesterday that he will again be a candidate for MD Sturgeon Council in Division 4. Mr. Comeau, a pig farmer, has been following municipal affairs closely for a number of years, and particularly since his first bid for office a year ago.

In making the announcement, Mr. Comeau said he had a good deal of respect for Stan Walker, who was deserving of heartfelt congratulations as he retires after 22 years of service on Sturgeon Council.

## Thibault Board says Schools will remain open

By a unanimous decision at their regular meeting Tuesday night, the Thibault School Board decided to take whatever steps are necessary to keep the schools open and operating during the duration of the strike.

The members further agreed that any teacher willing to continue to render service during this period, will be requested by the Board to do so. The working teachers will not prejudice any negotiations, or content of any collective agreement entered into hereafter with the ATA. Further, the working teachers will receive the support of the Board should any subsequent action be taken against such teachers. There are 31 on the teaching staff.

Any parents interested in helping to keep the school operating may contact the secretary of the school board, Mr. Paul Brochu, at the town office in Morinville. Their support by way of supervision will be welcomed by the board.

One of the reasons that I am seeking the office of Trustee is the desire to see St. Albert Separate School District become a "light house" district. I envisage a school system which is acknowledged across Alberta as a superior system offering the best possible educational opportunities for our children.

Such a system would require the full participation of every member of the school team. It requires an informed, interested, and active group of parents. I am a supporter of increased parental influence in the decision making processes concerning the objectives of every school. The education of our children is too important a matter (and requires too much of our tax dollar) to be decided without the participation of concerned parents.

A light house system requires the support, indeed the leadership of a professionally dedicated teaching staff. The teacher remains the key figure in the school environment. I believe that we must make a determined effort to hire the best most qualified teachers available, and then enable them to use their abilities effectively. Real improvements can not be made in our educational program without their full and enthusiastic support.

On our administrative staff would fall all the burden of planning, coordinating, and occasionally initiating, the changes which will improve our schools. They must be individuals who are convinced that excellence can be attained and who will work for its attainment.

I believe, in the last analysis, that the catalyst for bringing together these groups is a group of trustees who are committed to ideals of excellence. I offer my commitment for your support on October 13. With the united determination of the educational team we can create the environment within which our children can learn. This, after all, should always remain our aim.

## Missionary to speak Sunday

Missionary Harold Engen will speak at St. Albert Evangelical Lutheran church this Sunday, Oct. 10 at 11 a.m. Mr. Engen and his family have just returned from India where they have been serving since 1965. The family was posted to Suri, Birbhum, West Bengal. Missionary Engen has been director of the Suri Bible School and district worker in some 12 Bengali Congregations. The Santal Mission and Native Church are currently deeply involved in relief work among the East Bengal refugees. St. Albert Evangelical Lutheran church extends an invitation to the citizens of the town to attend the Sunday morning service and hear what Mr. Engen has to say. His experiences with those less fortunate will most certainly provide food for thought on Thanksgiving weekend.

Missionary Harold Engen and Mrs. Engen with their children.

Teacher: "What is a half?"

Tommy: "Half is when you cut something in two pieces and you don't care which one the other kid takes."

## Cees Touw marries Paulette Borle

St. Albert Roman Catholic church was the scene of a pretty autumn wedding, Sept. 18, when Cees Touw married Paulette Borle. The Reverend Father U. Duchesneau officiated. The bride is the daughter of Mrs. Gladys Borle of St. Albert. The groom is the son of Mrs. Cornelia Touw, the Netherlands.

Given in marriage by her brother Ryan, the bride chose a floor length gown of white legodo, trimmed with daisies. The gown featured a mandarin collar, full sleeves and a train. The empire waist was accented by a bow in the back. The bride's cathedral veil was held by a jewelled, daisy trimmed cap. She carried roses, tied with a white ribbon.

Lola Borle was her sister's maid of honor; bridesmaid was the bride's cousin Cheryl Borle and the bride's youngest sister, Lori, was flower girl. They wore floor length gowns of salmon tulle with beige lace overlay. In their hair the attendants wore salmon colored leaves and they carried autumn flowers.

Attending the groom were George Bellows and Tom Welsh. Ringbearer was Bryan Sheehan. Guests were ushered by Loren Borle and Herman Gerritsen.

Wedding music was played by Bertha Kennedy. Soloist was Andre Borle, accompanied by Diana Sheehan and Harold Klak.

For her daughter's wedding Mrs. Borle greeted her guests in a dress of olive green shantung. Her accessories were brown and she wore a corsage of yellow roses.

The groom's mother chose a lemon green dress with brown accessories. She wore yellow roses on corsage.

A banquet was held at the St. Albert community hall; Dave Terrault was master of ceremonies, Andre Borle proposed the toast to the bride and George Bellows toasted the bridal attendants. Congratulatory telegrams were received from the Netherlands.

Out of town guests included the groom's mother and sister Riet, from the Netherlands; George Bellows and Tom Welsh from Toronto; Mr. and Mrs. A. Gerritsen, Calgary; Mr. and Mrs. Walter Henderson, Banff; Mr. and Mrs. Renault, Westlock and Brian Borle of Lacombe.

Mr. and Mrs. Cees Touw have taken up residence in St. Albert.

MR. & MRS. CEES TOUW

## As I See It

Thank you, Mrs. Martel, for offering the Thibault teachers the use of your column this week. We are pleased to accept.

The immediate danger of a teacher strike is one which causes equal concern to parents, senior students and teachers. Therefore, we believe it necessary to publish certain facts which we have, until now, respected as being confidential.

It is 16 months since we first asked to meet with your elected representatives to negotiate a contract of employment. Instead of meeting us, school trustees decided to join with boards from other areas - whom you did not elect - in negotiating a contract with all teachers. Thibault Board now has one vote of eight in accepting a settlement affecting over two thirds of the Thibault budget. We believe that our trustees adopted this method because they felt most sincerely that it would benefit the local school system.

History has certainly proved otherwise, and we hope all parents and taxpayers study carefully the mail drop from teachers in this week's mail. This sets out in fair detail many of the difficulties which we have met.

To that information we would add some comments on beliefs generally held by many trustees and apparently also held by their provincial organization.

One concerns the belief that school boards have never been able to negotiate directly with their teachers, but have had to contend with "the ATA." We, the teachers, are the ATA, and we-whom you know - make our own decisions locally. Certainly, our central office has to ratify any collective agreement. The law required that we must have a certified bargaining agent, and no agreement is legal without the signature of that agent. When local teachers accept an agreement, in no way can the bargaining agent refuse to sign it. In past years, Thibault agreements have contained a clause which directly opposed policy set out by the majority of teachers in Alberta. Nevertheless, central office had to accept our local decisions.

We are further accused of considering conditions agreed in other areas when framing our proposals to school boards. We would ask if there is any employee who does not do likewise when seeking an improved contract?

It is alleged that teachers are deliberately delaying settlements. Does acceptance of the Board of Industrial Relations award by 94 per cent of the teachers seem like a delaying tactic? That was the result of a vote amongst 820 teachers in our region last May.

It appears that directions from the Alberta School Trustees' Association have caused 55 school boards - including ours - to refuse to negotiate working conditions with their teachers. The fact that the School Act states that the provisions of the Labour Act, including negotiation of working conditions, applies to both boards and teachers is being ignored.

As a result, teachers have no agreement with their school boards. This situation cannot continue. Therefore, if our school boards still refuse to negotiate a contract which provides basic rights with respect to working conditions, teachers in the region will in

## M.D. of Sturgeon No. 90

### Notice Of Land Expropriation For Road Purposes

Pursuant to the Expropriation procedures Act, Part 11, Sections 22 to 30, Chapter 130 R.S.A. 1970, the Council of the Municipal District of Sturgeon #90 proposes to expropriate .57 of an acre from River Lot 1 St. Albert Settlement for the purpose of road widening and construction and is prepared to pay compensation in the amount of (\$400.00) Four Hundred dollars per acre for the land to be expropriated plus (\$300.00) Three Hundred dollars for tree damages.

On October 14th, 1971 at 2:00 p.m. in the Council Chambers of the Municipal District of Sturgeon No. 90 Morinville, Alberta, a by-law will first be presented to the Council to authorize the expropriation of the aforementioned land.

A plan of survey of the land to be expropriated is on file in the office of the Secretary Treasurer at Morinville, Alberta and the plan is available for inspection between the hours of 8:30 a.m. and 4:30 p.m. Monday through Friday.

Before enactment of the by-law, the owner of the land to be expropriated is entitled to make representations to the Municipality and set forth his reasons why the land should not be expropriated.

If compensation cannot be mutually agreed upon for the land to be expropriated, then the amount of compensation will be ascertained by the Public Utilities Board at a future date.

Alphonse Nobert  
Secretary Treasurer.

# the Gazette REFLECTS

As is the case in municipalities throughout Alberta, St. Albert voters have been bombarded with material on election issues, qualifications and background information on candidates, opinions, viewpoints and suggestions on how they should vote.

In the final week residents will hopefully be able to make use of this flood of information in making their choices of candidates, who will represent them in the three years ahead.

There is no doubt that these will be crucial years in determining the town's future development. The threat of annexation by Edmonton will increase as plans for Athabasca University go forward. Determined, vigorous and ever-watchful resistance will be required almost continuously on the part of our representatives on council to prevent it, together with close and informed liaison with the new provincial government.

A decision on area and population limits could also come over the next three years. Consideration of the most economically practical size must be involved in this decision.

There is a responsibility upon the voter to think as objectively as possible about all the issues involved.

This means for all of us an effort to suppress emotional and personal prejudices in favor of deciding what will be best for our town.

Vote as you think, but think before you make these most important choices. St. Albert has good people running. They surely deserve a large turnout at the polls.

# MORINVILLE MEMOS

By Rose Martel

The Morinville Cubs will hold a bottle drive on Oct. 12th, beginning at 7 p.m. Please leave your porch lights on and have bottles ready for the boys.

Bishop Austin Burke from Nova Scotia was a recent visitor at the home of Mr. and Mrs. Augustin Billo. Mrs. Billo was a native of Nova Scotia prior to her coming to Morinville years ago.

Mrs. Alice St. Germain celebrated her 83 birthday last Sunday. Great granddaughter Nicole St. Germain assisted by her brother Laval, did the honors at a tea party, held at the residence of Mr. and Mrs. Guy St. Germain.

The annual drive for the Red Cross will begin next week by a group of volunteer ladies. All homes and business places will be canvassed for cash donations. Chairman Gabrielle Ricard hopes the canvassers will be greeted cordially.

Among those reported on the sick list are: Della Logan, Matt Hittinger, Annie Hunking, Donat Tailleux, Patricia Krauskopf, Hildegarde Poirier, Bonde Bouvier, Philippe Montpeller, Marianne Beaupre, Charlette Hupel and Audrey Graham. Rev. Sister Germaine Holvert has been a patient at the Dr. Cross Cancer Clinic since last week.

Martin and Barbara Partridge of Edmonton visited at the home of Barbara's parents, Mr. and Mrs. Lou Calder in Morinville, prior to their departure for London, England where they will make their home.

Mr. and Mrs. Joffre Kremer and young son Laurier are back from Toronto, where Mr. Kremer attended an International Harvester convention. The Kremers visited at the home of their daughter Mr. and Mrs. P. Maloney, who recently presented them with a grandson, Kevin.

Mr. and Mrs. Dan O'Shea from Ireland, County Kerry, have been visiting at the home of Mr. and Mrs. Charles Krauskopf. Miss Maurine O'Shea from Chicago, Ill. flew to meet her parents and her sister's family in Morinville, and remained

for two weeks, leaving last Sunday. Mr. and Mrs. O'Shea will leave shortly for Ireland after a six week stay in Alberta.

The Morinville fire brigade answered a fire call last weekend at the home of Elton Lurger, where a pan with hot fat caught fire. Mr. Lurger suffered second degree burns to hand and arm, but no damage is reported to the house.

The recreation board has received the resignation of Mrs. Kenny De Tenancourt. Anyone wishing to submit nomination to serve on the board is invited to contact Mrs. Jo Anderson.

Mr. and Mrs. Denis Pasay entertained relatives at a family Thanksgiving dinner last Sunday.

The recreation board has received the resignation of Mrs. DeTenancourt and is inviting members of the community to submit applications for this volunteer post. Written submissions are being received by Mrs. R. Anderson, recreation secretary, Morinville.

The Morinville Mother's Local will hold their annual rummage sale on Wednesday Oct. 20, from 10 a.m. to 9 p.m. in the recreation centre. General convenor is Jo Anderson.

Mr. and Mrs. Leslie McDonald and family left Morinville last weekend to take up residence at Fort Saskatchewan where Mr. McDonald is employed. Prior to her departure, the members of the Ladies Auxiliary to the Canadian Legion of which Mrs. McDonald was president, hosted a supper at the Morinville hotel dining room, where vice president Jo Calder presented Mrs. McDonald with a token of appreciation from all members.

The Morinville Parish Council invites all residents to a "Harvest Ball" to be held on Saturday, October 16.

The price of admission includes music, provided by the Twilights, and a midnight lunch.

Advanced tickets are now available at the Royal Bank. Proceeds will go to the recreation centre.

## M. D. of Sturgeon Leasing of Park Reserve

The Council of this Municipality is considering leasing the Park Reserve located in the Crozier Subdivision, namely in Pt. S.E. 30-54-24-4.  
Persons affected and opposing such action are requested to submit in writing their objections to the undersigned on or prior to October 13, 1971.  
Objections will be submitted to Council at the meeting to be held on October 14, 1971 at 2:00 p.m. in the Council Chambers M. D. Office, Morinville.

Alphonse Nobert,  
Secretary-Treasurer.

## Village of Gibbons PUBLIC NOTICE

Notice is hereby given that the Village of Gibbons will file an application to the Provincial Planning Board for permission to Rezone Lot R, in Block 10, Plan 1894HS from reserve land to Commercial zoning for Commercial use. (Section 26, 2, Provincial Planning Act).

Any adjacent resident or persons having objection to the above rezoning plans shall file such objection to the Village Secretary in the Village of Gibbons before October 12, 1971. A hearing will be held in the Village Office on Thursday, October 14, to review objections received if any.

Dated this 27th day of September, 1971.

Earl J. Yeo,  
Secretary.

## Clothing club organized in Vimy

By Claudette Landry

The Vimy Needles Clothing Club held its organizational meeting on Sept. 29 in Vimy school. The meeting was opened by Mrs. Yvonne Blanchette with a few words of welcome to the new project.

Mrs. Ester Brown gave an introduction talk on what 4H is all about and her experiences in 4H.

Twenty-four members were in attendance. The group's leader is Mrs. Brown, assisted by Mrs. Blanchette.

A slate of officers was nominated and is as follows:

President-Roberta Brown  
Junior leader: vice president - Lorraine Sabourin, Junior leader; secretary - Lorraine Parrent - Junior leader; treasurer - Mariette Laplante; correspondent Claudette Landry, social convener - Jocelyne De-

champlain, Rosanne Dubois and Delores Bernard; year book - Colette Huot, Pauline Bernard, Lucy Dechamplain; advisory board - Mrs. Beatrice Montpelt, Mrs. Emilienne Landry, Mrs. Irene Huot, Mrs. Lillian Dillodeau.

Meetings to be held every three weeks at 7:30 on Wednesday nights.

## Responsible for Performance and Future Progress VOTE

## VOTE YOUR INCUMBENTS

Legal has seen many changes over the past eight years. In 1964, a modern Municipal Building and a two stall Fire Hall was erected. A few years later through the co-operation of the Municipal District of Surgeon, we obtained the use of a new pumper truck for rural fire protection.

Along with the fire protection units, ambulance services is provided to the area, courtesy of Connelly McKinley and our local volunteer fire brigade.

As a centennial project the village undertook the erection of a \$60,000 arena which serves a large portion of the rural area, extending south to Bon Accord and North to Vimy.

A 20 million gallon water reservoir was constructed, enabling the town to have a good supply of water both for fire fighting and for human consumption. With this reservoir, we were able to have the fire insurance rates lowered to a level competitive with surrounding areas.

Progress is apparent in other fields as well: The extension of curbs and sidewalks to almost every home in town has been undertaken. This program will be continued in stages until it is all completed.

Water and Sewer extensions have been undertaken to improve the living conditions of some of our ratepayers.

Our Efforts to bring a liquor store to Legal met with success, and this outlet has meant a considerable convenience to local and district residents.

"The Council of the Village of Legal" is proposing to undertake several projects in the very near future. A new Stand Pipe (Water Tower) is planned to increase the water pressure in all homes in town.

To improve sanitary conditions in our sewage treatment plant, a lagoon and lift station is to be constructed, which will enable us to serve the area East of the bridge.

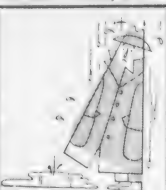

Council is anticipating a fairly rapid growth and are prepared to handle demands which this growth will put upon the village.

The Industrial Development Board is investigating the possibility of establishing a Home for Retarded Children in Legal. Experimental work on a Dust Control program is underway and the village council looks forward to a big improvement over the coming years.

Keeping in mind our past record and these proposals for the future, the incumbent councillors of the Village of Legal sincerely hope that you will see fit to give us your support, and re-elect the five men who have served you for the past eight years.

Inserted by the incumbent councillors

MARCEL DUBE, JOSEPH NAULT, ROLAND PONTAINE, LORENZO ST. JEAN, LEON ST. MARTIN

## Goose hunting prospects down due to poor production

The goose hunting prospects for the 1971 fall hunters in east central Alberta are likely to be below that of the excellent seasons of 1969 and 1970.

It was announced by the Minister of Lands and Forests, Dr. Allan A. Warrack, that there appears to be very poor production of white-fronted geese and probably snow geese. This is a result of a combination of adverse spring weather conditions in the Arctic and a high proportion of the population being yearling geese which are non-productive in the population.

The major movement of white-fronted geese occurred at Hay/Zambra Lakes at the first of September and only a small proportion of these remained in east-central Alberta when the season opened September 20. Similarly, an early movement of the migrating "large" Canada geese has occurred, with the present flocks comprised mainly of geese raised locally in Alberta.

The large local Canada geese have a relatively uniform reproductive success in the prairie and parkland areas and do not suffer the same fluctuations in production as the Arctic nesters.

The peak of the snow goose migration in east-central Alberta will not occur until about the first week of October. This is followed by the staging of the "small" Canada geese in mid-October. Hunting success on snow geese and "small" Canada geese should be near normal.

## Students enjoy talk on money

Students of Mrs. McRae's grade 10 Social Studies class at Paul Kane High kept Mr. Leo Alain on his toes for an hour and a half last Tuesday afternoon, with a barrage of questions on money management.

Mr. Alain, manager of St. Albert Savings and Credit Union, had been invited to

A statement issued by Dr. Warrack's office acknowledges concern expressed over the hen pheasant hunting in Alberta. Many feared the limits (three pheasants per day, one of which may be a hen) from October 3-30 and a daily bag of five pheasants (one of which may be a hen) may be detrimental to the pheasant population.

Following the harvest evaluation the Fish and Wildlife division will recommend suitable regulations for 1972.

speak to the class on financing as it applies to credit unions. Rather than giving a lecture, he spoke informally and invited the students to break in at any time they had a question.

"It was very gratifying to see such an enthusiastic response from the students," said Mr. Alain. He impressed upon the young people the importance of understanding proper management of their finances, throughout their lifetime.

All aspects of credit union financing were covered: borrowing, co-signing, different types of savings programs and operation of such unions at local, provincial, national and international levels. Replying to a student who asked if credit union directors were paid, Mr.

## Sturgeon Division Awards Night

In addition, 45 students in grades nine to twelve will receive medals and pins in recognition of their academic work during the 1970-71 school year.

The Sturgeon Local of the ATA will present an award to a grade nine student from each school within the Local. The Mary Anne Tanasik Memorial Scholarship in the amounts of \$50 and \$60 will also be presented at the Awards Night.

A varied program which will have pupils from the different schools within the Division providing the entertainment, has been arranged.

The Sturgeon school division will hold a central awards night at Gibbons school on Monday, October 18, commencing at 8 p.m. Four grade 12 students will be presented with scholarships of \$200 and six grade nine students will each receive \$25 scholarships.

Alain said they were not, and went on to point out the advantages of contributing to society through accepting responsibilities of this nature.

anged. The program is open to the public and all parents are encouraged to attend.

Names of major award winners will be published in the Gazette at a later date.

# COMMENT...

by Hennie Stibbe

It is a matter of grave concern to me that members of the Alberta Teachers Association should be seeking election to serve as trustees on local school boards. While there is no question as to the LEGALITY of ATA members to sit on school jurisdictions, I question the PROPRIETY of their action.

It will probably be said that by suggesting ATA members should not seek office on school boards, I am discriminating against a certain segment of society - well, so be it. The ATA encourages its members to become actively involved in their communities - it would seem to me infinitely more proper if they chose to become involved in some other area of civic affairs.

Can a teacher ever divorce himself from his educational prejudices? Just where does a member of the teachers' union stand when the school board, to which he has been elected as a trustee, is faced with salary negotiations? Is it not possible that through a trustee-member the ATA would be in a position to gain certain information and to apply certain pressures which it otherwise could not? Does the ATA welcome school trustees to all of its meetings? If I were a member of the teaching profession, I know that I would never put myself in a position where my personal ethics could be questioned. Can any man serve two masters?

Some people, myself included, hold the view that certain teachers, through the direction and support of their provincial union, (the ATA), have a growing desire to take over control of education. Education is too important to society to allow this to happen.

It is, then, a question of ethics, a question for each individual to ponder and resolve according to his own conscience. At present no ATA member sits on either St. Albert school board - in my opinion, it would be to the best interests of both districts if the electors kept it that way.

## Jamison appointed to task force

St. Albert's MLA, Ernie Jamison, has been appointed to a task force on "New incentives for Albertans" under chairman Les Young of Jasper Place.

In making the announcement, Hon. Fred Peacock, minister of industry and tourism, said there is an urgent need for secondary and service industry throughout the province and the development of a stimulating climate for small business.

As a first step the Force will prepare a thorough review of existing legislation. Regional development incentives of the federal government will also be reviewed and the impact of federal measures such as tax legislation, as these affect small business in Alberta, will be considered.

Needs and sources of financing small business, including the potential of the Treasury Branch as an expanded source of funds, will be evaluated.

Another important aspect of the Task Force responsibility is policy statements regarding the promotion and marketing of products which can be produced in Alberta. The Task Force will consider ways to develop the most aggressive and effective policy to market and promote Alberta products.

## Around Town

Looking very smart in their up-to-the-minute new steel rimmed glasses are well known personalities around town: Bob Hudson, Bob Russell, Glen Ward and Alma Hughes. When it comes to mod attire it might be hard to beat George Walker in his fire-engine red slacks with figured pink shirt ensemble. However we see that Tom White and Ken

Pollon are trying. John Baker gets the nod for new hairstyle. To keep up with all this we are looking for some of our prominent women around town to appear in the latest knickers, boots and tam outfits. Might be just the thing for digging potatoes. Ethel R.

.. ..

Others MLA's serving on the Task Force are John Ashton and Tom Chambers.

# Letter to the Editor

## On Development

The Editor:

I am very happy that Shirley Geiger is in favor of light industrial development. By perusing the Gazette one gets the impression that everyone is in favor of this development. One wonders why, if everyone is in favor of this type of development, so little has been done about it.

But, am I assuming that the provincial government will help to pay for the costs of services? Indications are that funds will be more easily available to municipalities through the funding bodies - the Municipal Assistance Fund, the Alberta Commercial Corp. and the Alberta Housing Corp. There are often federal funds available for this sort of project as well.

The Progressive Conservatives promised during the election campaign that more

funds would be available for these services. Ernie Jamison, our local MLA, says that the provincial government is currently reviewing municipal financing and will be consulting with the new municipal governments after the Oct. 13 elections. Because of this and the P.C.'s stand in the last sitting of the legislature, on Bill 28, I believe that municipal funding can only increase.

The idea of pre-serviced industrial areas is, I believe, so important to St. Albert that I, as a council member, would make all possible efforts to obtain whatever funds are available. I am strongly convinced that St. Albert could benefit greatly by a planned light industrial development.

Ron Gaunce.

## FROZEN FOODS CATCH ON IN JAPAN

Demand for frozen food in Japan has increased sharply in recent years with one major result being wider use of refrigerators. It is estimated that some 90 per cent of Japanese households now have refrigerators. With the expectation of further increases in demand for frozen foods, major trading firms such as Mitsui and Company, Mitsubishi Corp. and C. Itoh and Co. are moving to form joint-ventures or enter into sales tie-ups with foreign manufacturers. Smaller frozen food manufacturers are improving product quality and rationalizing production procedures.

Ancient Chinese craftsmen fashioned battle axes from meteorites about 1000 B.C. Experts have concluded that two weapons owned by the Freer Gallery in Washington, D.C., were made from meteoritic iron.

## Roadside tree planting

—Issued by Don England, Agricultural Service Board Fieldman

A grant of \$50 per mile of trees (one row) planted along roadsides will be paid farmers provided the following conditions are met:

1. Summerfallow for one year prior to planting trees.
2. Trees must be planted 100 feet back from the property line.
3. Trees must be fenced against livestock where applicable.
4. Trees must be kept weed free for at least two years after planting.
5. A yearly inspection will be made before grant is paid.

The MD tree planter and

# Three issues as seen by Mayorality Candidates

For this issue, the last before the October 13th municipal elections, the Gazette requested each of the three candidates for Mayor to answer the following three questions, confining their comments to 250 words. The questions were selected on the basis that they are among those most frequently discussed by local people coming into our office over recent months. Running for Mayor are Ray Gibbon, Richard Fowler and Don Bull.

## FIRST QUESTION:

Do you think the population of St. Albert should be held to a pre-planned limit and if so what do you think the approximate maximum should be?

## SECOND QUESTION:

Do you think St. Albert will require a Town Manager over the next three years?

## THIRD QUESTION:

Do you believe further condominium development should be encouraged in St. Albert?

## I. Population

### FOWLER

YES!  
If our QUALITY OF LIFE in St. Albert is to be maintained I feel our growth must be CONTROLLED. The Town of St. Albert was originally planned as a satellite community of 35,000. Before this plan is thrown out I believe two things must happen.

1. A great deal of public discussion must take place.
2. The attitude of the new provincial government toward satellite towns such as ours, and also the municipal financing policies of this new government must be known.

### GIBBON

YES  
Not pre-planned at this time, for the following reasons:

(a) Cost sharing of necessary sewer and water installations with other authorities has not been determined. Offsite charges will have to be calculated when this cost sharing is known, and applied to new development as it occurs in the town.

(b) Natural boundaries are the only answer. The Local Authorities Board of the Provincial Government can order annexation on application by owner or developer even though the town objects strongly.

(c) Urban development can take place immediately outside the town boundaries by a rural authority.

## 2. Manager

### FOWLER

NO!

I do not see the necessity of a Town Manager within the next three years. Let it be understood however that I would favor appointment of a Town Manager over any attempt to establish the Mayorality as a full time job at a Town Manager's salary. I am convinced the pure professional and non-political approach a Town Manager would bring to his office would benefit the town to a much greater extent than a full time Mayor. The duties or responsibilities of the Mayor are no more or no less with or without a Town Manager. A Council cannot legislate away powers or responsibilities which are given by Provincial Statute

### GIBBON

YES  
But not as we may understand the term Town Manager. As indicated in other printings due to the volume of work, qualified assistants are a necessary addition to the staff of the town administration. Section 79 allows the appointment of assistant municipal officials. Section 87, allows for the appointment of Municipal Commissioners.

## 3. Condominiums

### FOWLER

YES!  
The popular answer may well be the opposite but I feel the right is not ours to dictate the type of residence that people must choose to live in.

A town of 35 to 40 thousand and most certainly can accommodate this type of dwelling. They must be well planned and fit into the overall plan of the town. Controls must be exercised in this type of housing as in any other type of housing be it single family, apartment or multiple family. The developer cannot be permitted to build to his own wishes only which may not necessarily coincide with the wishes of the town owners.

I am however much more interested and concerned about the PEOPLE rather than the style of residence they choose to live in.

### GIBBON

NO  
No more than is already approved by town policy. Based on land coverage and people per acre the policy is:

80 per cent single family dwellings.

17 per cent condominium or row housing. Maximum of 12 units per acre.

3 per cent land coverage for apartments. For a maximum total of 22 people per acre for each separate neighborhood. The policy as outlined is based on an assessment for each unit of development which will support school costs within the town. It is my belief we should supply the type of accommodation people require within the framework of good planning and financial bounds.

## Editor's Note

Following nomination day a letter went out on Sept. 17 to ALL candidates for mayor, council and both school boards, indicating space available at no charge for expressions of their views in the Gazette. School board candidates had Sept. 22 and Oct. 6, and mayor and council candidates had Sept. 29 issue and Oct. 6. Mayorality candidate Mr. Don Bull has not chosen to make use of the space available to him.

# Letters to the Editor

## Taxpayers remember!

### The Editor:

It's time again! Or better! Here we go again. The press is full of the promises of the candidates; their lifestyles, hobbies and even with how many offspring they successfully fathered during their long, or short, stay in our fair city!

The promises are great! If they all would be kept we would all be purring with joy and satisfaction. But oh how fast these promises are forgotten! How many candidates are running because of the title, the so-called power, or for purely personal reasons and interests.

But enough of this. I remember, or have personal knowledge, of only one incident. I am referring of course to the "Parking Lot Affair!" In that case a thousand signatures were collected by concerned citizens in order to make it known how they felt about the plan for building a hotel and especially about a parking lot which would have made the people of that area miserable, would have endangered the safety of their children and caused extreme traffic congestion. These feelings were very eloquently brought forward by the people of St. Albert. Nevertheless the great majority of the councillors went against the expressed wishes of those who elected them to be their representatives, to serve their interests and to be their spokesman. Except for Mayor Gibbon, Bob Russell and possibly one more they voted for the developers not for the concerned people of St. Albert. I think this is the time to remember this incident! It is time to give a chance to some new councillors with new ideas. It is

also time to remember the many achievements of Mayor Gibbon who devoted much of his time, energy and talents to St. Albert. I am not campaigning for anyone or do I personally know Mayor Gibbon but he strikes me as straightforward, honest and dedicated - a modern thinking man - and I remember the mentioned incident. I hope the taxpayers of St. Albert will remember too!

Dr. G. N. Szekely.

## Mayor's vote

### The Editor:

In a recent Gazette issue, our mayor listed his program for progress if he were re-elected.

Under Parks and Recreation, he promised to preserve and beautify our River area. Does he mean that small area (believe 40 feet) along the river? Does he include that area across the river north of Lions Park? This area mentioned above came up for rezoning on July 5, 1971, from single housing to multiple housing. A group of us petitioned to keep it as single for the time being and later when our finances warrant it, to purchase it for "Parks and Recreation." Why did our mayor vote for rezoning to multiple housing if he wants to preserve the river area? Does he speak with "a forked tongue?"

F. Wynnyk.

## He cares, too

### The Editor:

As the final days go by before the town elections, one cannot help but be overcome by the lengthy masses

of literature passed out by former mayor Dick Fowler, as to why we should accept him again. One word is emphasized especially - he CARES. But what citizen of our good town does NOT care? I care about whom I want to see run our town in the next few years, and I do NOT care to see anyone returned who once ran away when we seemed to need him most. Thank goodness we got a good replacement.

Two other things I care to remember! We remember the provincial elections previous to the last one, when Dick threw his weight as mayor behind the incumbent member running for the legislature, at the last moment, which undoubtedly tipped the scale in his favour, reasoning that a member, sitting with the party in power, is in the best interests of the town. Whose interests will now be served, if Dick Fowler is elected, now that we know his political convictions; and how would he contemplate and anticipate harmonious relations with our present MLA?

Finally, this business of attending university to upgrade educational status, leaves one to suppose some lack of qualifications in the administrative field. Since there is some talk of a full-time "paid" town administrator in the future, my suggestion would be this: complete your education, Dick, get your degree, then go for the job of administrator.

We would then have in the Town Hall, two good men: a mayor who cares more, and a qualified administrator who cares, too.

No, I would think Ray Gibbon is our man this time, again!

Wally Swenarchuk.

## RON GAUNCE STOMPS THE GRASS ROOTS

There is only one week left until the St. Albert elections and in meeting with many concerned citizens it has become clear that one of the major concerns is the administration of Town affairs.

Ron Gaunce maintains that a review of the Town administration is necessary for the purposes of increased efficiency in the operation of the Town and to effect better communication between Town employees, Council, Committees of Council and the public.

St. Albert has changed a great deal in the last 10 years but we will have even greater changes, Mr. Gaunce believes. He cited the development of Athabasca University, increased housing development, increased population, increased demand for municipal services and pressures to amalgamate with Edmonton as some of the factors which necessitate a dynamic Council and an efficient administration.

"Let's face it. There is continuous pressure to change. We don't need a Council which sits back and does nothing until change has backed it into the corner. We need Councillors who look

at the overall situation and make plans and take actions so that the change is working to the advantage of St. Albert," Mr. Gaunce said.

There is a tremendous need to increase the communication between Council and the public. "How can Council function as the representatives of the people of St. Albert if there is no interchange of ideas?" asked Mr. Gaunce. "How can the public know what sort of a job is being done by their representatives if they have no ability to Council or committees?"

Mr. Gaunce continued by stating that the TOWN MANAGER system of administration has proven itself successful throughout North America in municipalities the size of St. Albert. "I will make all efforts to encourage Council to adopt this proven system."

"With a new system of administration and an efficient communication between all concerned people I think we can have a really successful municipal government," he said. "If anyone has any questions or comments I would like them to call me at 599-8396."

# Letters to the Editor

**Flaherty's  
say  
'thanks'**

The Editor:

The Flaherty family wishes to say thanks to all the "people" of St. Albert who made our stay so delightful and interesting over the past 10 years. The good people referred to above are

the town council, its administration and staff, the administration and teachers of St. Albert Public School District No. 3, the St. Albert Health Unit and the good doctor's of the town, the businessmen of St. Albert, the parish team on the hill, the good neighbours on Grosvenor and Glenmore Crescent and for that matter, all our good friends throughout the town.

In closing, I would be remiss in not paying a special tribute to the superintendent, secretary-treasurer and trustees of the St. Albert Public School District No. 3. In all my experiences I have never been acquainted with a more dedicated and finer group of people. Yes, on many occasions we disagreed, and even became involved in some rather heated discussions. However, the goal was, and always will continue to be - "What is best for the child within the financial resources available."

So, hats off to superintendent Vince Maloney, secretary-treasurer Chris McDonnell, trustees Dr. W. Millin, Don Labelle, Dave Fraser and Sylvia Walsh for a job well done.

Your continued efforts to provide the children of the St. Albert Public District No. 3 with the best education possible are truly appreciated.

Jack Flaherty.

Don't overpower.  
Know how to operate  
and control your  
craft.

## Hospital

The Editor:

As a recent patient in your new hospital, I felt I must write and congratulate publicly the staff of Sturgeon General on the cleanliness of the hospital. I have worked in hospitals for a number of years as well as having been a patient on occasion. I have never seen a cleaner or more well looked after hospital.

Mrs. J. Bricker,  
Killam, Alberta.

## AROUND TOWN

For checking on the polling station to which you should go to cast your ballots on October 13, election day, please refer to the ad complete with map and legend placed in this issue by the town.

Overheard at the local watering hole: "The reason I drink is, I've got to get up the courage to go to the Eskimo games tomorrow night." After the Eskies' win last Wednesday, Glen should be a happy fan!

## Swanson - St. Jean nuptials at Barrhead

By Lucienne Montpetit  
 Barrhead United Church  
 was the scene of a beautiful  
 afternoon wedding when  
 Rev. James W. Nicholas  
 united into marriage Denise  
 St. Jean, daughter of Mr.  
 and Mrs. Raoul St. Jean  
 from Legal, and Allan Swanson,  
 son of Mrs. Lena Swanson  
 of Barrhead.

Given in marriage by her  
 father, the bride chose a  
 floor length gown of peau  
 d'eglance in empire style.  
 The gown was trimmed with  
 tiny pearls and lace and  
 featured a detachable train.  
 Her elbow length veil was  
 held by a floral headpiece.  
 The bride carried a cascade  
 of red roses.

The bride's attendants,  
 Rachel St. Jean and Betty  
 Swanson, wore identical  
 floor length gowns of mid-  
 night blue peau de soie,  
 banded with yellow daisies.  
 Each carried a nosegay of  
 white daisies.

Best men were Leonard

Normand and Denis Christ-  
 ianson.

Ushers were Roland Bil-  
 deau and Gordon Swanson.

For her daughter's wed-  
 ding, Mrs. St. Jean chose a  
 brown dress with green  
 trimming complimented by  
 a corsage of pink roses.  
 The groom's mother wore a  
 pink lace dress and coat  
 ensemble with white roses  
 on corsage.

A banquet was held at the  
 Legal Community Hall fol-  
 lowed by a reception and  
 dance. The master of cere-  
 monies was the bride's uncle  
 Maurice St. Jean.

Rene Normand proposed  
 the toast to the bride.

Out of town guests were  
 from Bonnyville, Slave Lake  
 Calgary and Hinton.

For her honeymoon to  
 Banff and Jasper the bride  
 changed to a brown and white  
 froxel pant suit.

Mr. and Mrs. Allan Swanson  
 will reside in Fort Mc-  
 Murray.

SYD BILLINGS  
 former Secretary-Treasurer  
 Town of St. Albert

**"Why has Dick Fowler  
 got my vote for Mayor?  
 Because he's  
 the best man for the job.  
 That's why."**

I have served as Assistant and Secretary-Treasurer for the Town of St. Albert when Dick  
 Fowler was Mayor. I found him to be very sincere and dedicated to serving the residents of  
 St. Albert.

When our Town was faced with a severe financial problem over two law-suits from developers,  
 Dick worked extremely hard for our interests. His determined efforts resulted in both claims  
 being dropped. As a result, the Town achieved a position from which it was able to grow and  
 become one of the finest communities in Alberta.

He is respected by senior officials in Government, other municipalities and by hundreds of  
 fellow residents of St. Albert.

I firmly endorse his platform and I feel that his leadership is what St. Albert needs at this  
 time.

Syd Billings  
 17 Glenmore Crescent

# BON ACCORD ACTIVITES

By Sadie Allen

Twenty-two interested young people turned out at the BA community centre for a pre-organizational meeting of the BA 4H Light Horse Club on Sept. 29. Doug Blenert, Department of DHA Northwest Region, started the meeting by showing films on breaking foals and trail rides. He also spoke on the 4H movement. Renee Blenert, leader of the Leduc Club, gave the group tips on general activities in 4H Light Horse Club work. Horst Schmid, minister of youth and culture, extended best wishes to the new club. Alan Shenfield, president of the Northwest Region was also present.

Roseanne and Basil Lewis are home after spending several weeks in Penticton where Basil has been in hospital.

A large crowd gathered at the BA community centre on Sept. 28 to wish Margaret and Jimmie George well on the occasion of their 25 wedding anniversary. On behalf of the community MC Stan Kowalski presented the couple with a money tree and a purse. Mr. Everitt McEachren, Margaret's father, presented them with a set of flatware from the family. Cards and dancing provided entertainment for all during the evening.

The reorganization meeting of the BA 4H Clothing Club will be held on Tuesday, Oct. 12, directly after school at the Bon Accord school. The age limit for 4H members has been lowered to include those who are 10 by January 1, 1972. Leaders Rita Milligan and Dorothy Rigney would appreciate seeing the mothers turn out to some of the meetings. With the younger age group, more individual assistance will be required.

The Ladies Community Club are holding their annual turkey supper on Monday, Oct. 11. Come out and enjoy a first class meal at a family price.

The Gun Club will resume activities at the BA community centre on Oct. 21 at 7:30 p.m. No sex discrimination here, as everyone from 12 years up is welcome to join.

The Bon Accord Junior high students will conduct a magazine sales blitz starting in October. Please save your subscriptions for them. Remember that a third of your money remains in the community and helps to finance school projects.

A miscellaneous show was held at the home of Mrs. Hugh Rigney on Friday, Oct. 1st to honor Brenda Schneider, daughter of Mr. and Mrs. Myron Schneider

whose marriage to Stan Christie, son of Mr. and Mrs. Donald Christie of Gibbons, will take place on Oct. 9th.

The 4H Beef Club gets underway on Wednesday, Oct. 13 at the BA school. Time 7:45 p.m. Here again the age limit has been lowered to 10 as of January 1st.

Five tenders were received on the BA water storage project. Successful bidder was M & M Construction Co. Ltd.

Get well wishes to Jessie Miller, who is convalescing at the home of her brother, Walter Maxfield.

At a meeting of the shareholders of the Bon Accord Mutual Telephone held on Sept. 20, a majority of those present voted in favor of relinquishing their telephone area to Alberta Government Telephones. Service under AGT will not become effective until Dec. 16, 1973.
